Constitution of the United States.

CONSTITUTION OF THE UNITED STATES.

P R E A M B L E .

We, the people of the United States, in order to form a more perfect union, establish justice, insure domestic tranquillity, provide for the common defense, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity, do ordain and establish this Constitution for the United States of America.

ARTICLE I.

OF THE LEGISLATIVE POWER.

SECTION 1. All legislative powers herein granted shall be vested in a Congress of the United States, which shall consist of a Senate and House of Representatives.

OF THE HOUSE OF REPRESENTATIVES.

SEC. 2. The House of Representatives shall be composed of members chosen every second year by the people of the several States, and the electors in each State shall have the qualifications requisite for electors of the most numerous branch of the State Legislature.

No person shall be a Representative who shall not have attained to the age of twenty-five years and been seven years a citizen of the United States, and who shall not, when elected, be an inhabitant of that State in which he shall be chosen.

Representatives and direct taxes shall be apportioned among the several States which may be included within this Union, according to their respective numbers, which shall be determined by adding to the whole number of free persons, including those bound to service for a term of years and excluding Indians not taxed, three fifths of all other persons. The actual enumeration shall be made within three years after the first meeting of the Congress of the United States, and within every subsequent term of ten years, in such manner as they shall by law direct. The number of Representatives shall not exceed one for every thirty thousand, but each State shall have at least one Representative; and until such enumeration shall be made, the State of New Hampshire shall be entitled to choose three, Massachusetts eight, Rhode Island and Providence Plantations one, Connecticut five, New York six, New Jersey four, Pennsylvania eight, Delaware one, Maryland six, Virginia ten, North Carolina five, South Carolina five, and Georgia three.

When vacancies happen in the representation from any State, the executive authority thereof shall issue writs of election to fill such vacancies.

The House of Representatives shall choose their Speaker and other officers, and shall have the sole power of impeachment.

OF THE SENATE.

SEC. 3. The Senate of the United States shall be composed of two Senators from each State, chosen by the Legislature thereof, for six years, and each Senator shall have one vote.

Immediately after they shall be assembled in consequence of the first election, they shall be divided as equally as may be into three classes. The seats of the Senators of the first class shall be vacated at the expiration of the second year; the second class, at the expiration of the fourth year; and of the third class, at the expiration of the sixth year, so that one third may be chosen every second year; and if vacancies happen, by resignation or otherwise, during the recess of the Legislature of any State, the Executive thereof may make temporary appointments until the next meeting of the Legislature, which shall then fill such vacancies.

No person shall be a Senator who shall not have attained to the age of thirty years, and been nine years a citizen of the United States, and who shall not, when elected, be an inhabitant of that State for which he shall be chosen.

The Vice President of the United States shall be President of the Senate, but shall have no vote unless they be equally divided.

The Senate shall choose their own officers and have a President pro tempore, in the absence of the Vice President, or when he shall exercise the office of President of the United States.

The Senate shall have the sole power to try all impeachments; when sitting for that purpose they shall be on oath or affirmation. When the President of the United States is tried, the Chief Justice shall preside; and no person shall be convicted without the concurrence of two thirds of the members present.

Judgment in cases of impeachment shall not extend further than to removal from office and disqualification to hold and enjoy any office of honor, trust, or profit under the United States; but the party convicted shall, nevertheless, be liable and subject to indictment, trial, judgment, and punishment according to law.

MANNER OF ELECTING MEMBERS.

SEC. 4. The times, places, and manner of holding elections for Senators and Representatives be prescribed in each State by the Legislature thereof; but the Congress may, at any time, by law, make or alter such regulations, except as to the places of choosing Senators.

CONGRESS TO ASSEMBLE ANNUALLY.

The Congress shall assemble at least once in every year, and such meeting shall be on the first Monday in December, unless they shall by law appoint a different day.

POWERS.

SEC. 5. Each House shall be the judge of the elections, returns, and qualifications of its own members, and a majority of each shall constitute a quorum to do business; but a smaller number may adjourn from day to day, and may be authorized to compel the attendance of absent members in such manner and under such penalties as each House may provide.

Each House may determine the rules of its proceedings, punish its members for disorderly behavior, and with the concurrence of two thirds, expel a member.

Each House shall keep a Journal of its proceedings, and, from time to time, publish the same, excepting such parts as may, in their judgment, require secrecy; and the yeas and nays of the members of either House, on any question, shall, at the desire of one fifth of those present, be entered on the Journal.

Neither House, during the session of Congress, shall, without the consent of the other, adjourn for more than three days, nor to any other place than that in which the two Houses shall be sitting.

COMPENSATION, ETC., OF MEMBERS.

SEC. 6. The Senators and Representatives shall receive a compensation for their services, to be ascertained by law, and paid out of the Treasury of the United States. They shall, in all cases except treason, felony, and breach of the peace, be privileged from arrest during their attendance at the session of their respective Houses, and in going to and returning from the same; and for any speech or debate in either House they shall not be questioned in any other place.

No Senator or Representative shall, during the time for which he was elected, be appointed to any civil office under the authority of the United States, which shall have been created or the emoluments whereof shall have been increased during such time; and no person holding any office under the United States shall be a member of either House during his continuance in office.

MANNER OF PASSING BILLS, ETC.

SEC. 7. All bills for raising revenue shall originate in the House of Representatives; but the Senate may propose or concur with amendments as on other bills.

Every bill which shall have passed the House of Representatives and the Senate shall, before it become a law, be presented to the President of the United States. If he approve he shall sign it; but if not, he shall return it, with his objections, to that House in which it shall have originated, who shall enter the objections at large on their Journal and proceed to reconsider it. If, after such reconsideration, two thirds of that House shall agree to pass the bill, it shall be sent, together with the objections, to the other House, by which it shall likewise be reconsidered, and if approved by two thirds of that House, it shall become a law. But in all such cases the votes of both Houses shall be determined by yeas and nays, and the names of the persons voting for and against the bill shall be entered on the Journal of each House respectively. If any bill shall not be returned by the President within ten days (Sundays excepted) after it shall have been presented to him, the same shall be a law in like manner as if he had signed it, unless the Congress, by their adjournment, prevent its return, in which case it shall not be a law.

Every order, resolution, or vote, to which the concurrence of the Senate and the House of Representatives may be necessary (except on a question of adjournment), shall be presented to the President of the United States, and before the same shall take effect, shall be approved by him, or, being disapproved by him, shall be repassed by two thirds of the Senate and House of Representatives, according to the rules and limitations prescribed in the case of a bill.

POWER OF CONGRESS.

SEC. 8. The Congress shall have power to lay and collect taxes, duties, imposts, and excises, to pay the debts and provide for the common defense and general welfare of the United States; but all duties, imposts, and excises shall be uniform throughout the United States;

To borrow money on the credit of the United States;

To regulate commerce with foreign nations, and among the several States, and with the Indian tribes;

To establish a uniform rule of naturalization, and uniform laws on the subject of bankruptcies throughout the United States;

To coin money, regulate the value thereof, and of foreign coins, and fix the standard of weights and measures;

To provide for the punishment of counterfeiting the securities and current coin of the United States;

To establish post offices and post roads;

To promote the progress of science and useful arts by securing, for limited times, to authors and inventors, the exclusive right to their respective writings and discoveries;

To constitute tribunals inferior to the Supreme Court;

To define and punish piracies and felonies committed on the high seas, and offenses against the law of nations;

To declare war, grant letters of marque and reprisal, and make rules concerning captures on land and water;

To raise and support armies, but no appropriation of money to that use shall be for a longer term than two years;

To provide and maintain a navy;

To make rules for the government and regulation of the land and naval forces;

To provide for calling forth the militia to execute the laws of the Union, suppress insurrections, and repel invasions:

To provide for organizing, arming, and disciplining the militia, and for governing such part of them as may be employed in the service of the United States, reserving to the States respectively the appointment of the officers and the authority of training the militia according to the discipline prescribed by Congress;

To exercise exclusive legislation in all cases whatsoever over such district (not exceeding ten miles square) as may, by cession of particular States and the acceptance of Congress, become the seat of the Government of the United States, and to exercise like authority over all places purchased by the consent of the Legislature of the State in which the same shall be, for the erection of forts, magazines, arsenals, dockyards, and other needful buildings;

To make all laws which shall be necessary and proper for carrying into execution the foregoing powers, and all other powers vested by this Constitution in the Government of the United States or in any department or officer thereof.

LIMITATION OF THE POWERS OF CONGRESS.

SEC. 9. The migration or importation of such persons as any of the States now existing shall think proper to admit shall not be prohibited by the Congress prior to the year one thousand eight hundred and eight, but a tax or duty may be imposed on such importation, not exceeding ten dollars for each person.

The privilege of the writ of habeas corpus shall not be suspended unless when, in cases of rebellion or invasion, the public safety may require it.

No bill of attainder or ex post facto law shall be passed.

No capitation or other direct tax shall be laid, unless in proportion to the census or enumeration hereinbefore directed to be taken.

No tax or duty shall be laid on articles exported from any State.

No preference shall be given, by any regulation of commerce or revenue, to the ports of one State over those of another; nor shall vessels bound to or from one State be obliged to enter, clear, or pay duties in another.

No money shall be drawn from the Treasury but in consequence of appropriations made by law; and a regular statement and account of the receipts and expenditures of all public money shall be published from time to time.

No title of nobility shall be granted by the United States; and no person holding any office of profit or trust under them shall, without the consent of the Congress, accept of any present, emolument, office, or title of any kind whatever, from any king, prince, or foreign State.

LIMITATION OF THE POWERS OF THE INDIVIDUAL STATES.

SEC. 10. No State shall enter into any treaty, alliance, or confederation; grant letters of marque and reprisal; coin money; emit bills of credit; make anything but gold and silver coin a tender in payment of debts; pass any bill of attainder or ex post facto law, or law impairing the obligation of contracts, or grant any title of nobility.

No State shall, without the consent of the Congress, lay any imposts or duties on imports or exports except what may be absolutely necessary for executing its inspection laws; and the net produce of all duties and imposts laid by any State on imports or exports shall be for the use of the Treasury of the United States; and all such laws shall be subject to the revision and control of the Congress.

No State shall, without the consent of Congress, lay any duty of tonnage; keep troops or ships of war in time of peace; enter into any agreement or compact with another State or with a foreign power, or engage in war unless actually invaded or in such imminent danger as will not admit of delay.

ARTICLE II.

EXECUTIVE POWER.

SECTION 1. The executive power shall be vested in a President of the United States of America. He shall hold his office during the term of four years, and, together with the Vice President chosen for the same term, be elected as follows:

MANNER OF ELECTING.

Each State shall appoint, in such manner as the Legislature thereof may direct, a number of Electors equal to the whole number of Senators and Representatives to which the State may be entitled in the Congress; but no Senator or Representative, or person holding an office of trust or profit under the United States, shall be appointed an Elector.

The Electors shall meet in their respective States and vote by ballot for two persons, of whom one at least shall not be an inhabitant of the same State with themselves. And they shall make a list of all the persons voted for, and of the number of votes for each, which list they shall sign and certify and transmit, sealed, to the seat of the Government of the United States, directed to the President of the Senate. The President of the Senate shall, in the presence of the Senate and House of Representatives, open all the certificates, and the votes shall then be counted. The person having the greatest number of votes shall be the President, if such number be a majority of the whole number of Electors appointed; and if there be more than one who have such majority, and have an equal number of votes, then the House of Representatives shall immediately choose, by ballot, one of them for President; and if no person have a majority, then from the five highest on the list the said House shall, in like manner, choose a President. But, in choosing the President, the votes shall be taken by States, the representation from each State having one vote. A quorum for this purpose shall consist of a member or members from two thirds of the States, and a majority of all the States shall be necessary to a choice. In every case, after the choice of the President, the person having the greatest number of votes of the Electors shall be the Vice President; but if there should remain two or more who have equal votes, the Senate shall choose from them, by ballot, the Vice President. (1)

(1) This clause has been superseded by the twelfth amendment to the Constitution.

TIME OF CHOOSING ELECTORS.

The Congress may determine the time of choosing the Electors, and the day on which they shall give their votes, which day shall be the same throughout the United States.

WHO ELIGIBLE.

No person except a natural-born citizen, or a citizen of the United States at the time of the adoption of this Constitution, shall be eligible to the office of President; neither shall any person be eligible to that office who shall not have attained the age of thirty-five years and been fourteen years a resident within the United States.

WHEN THE PRESIDENT'S POWER DEVOLVES ON THE VICE PRESIDENT.

In case of the removal of the President from office, or of his death, resignation, or inability to discharge the powers and duties of the said office, the same shall devolve on the Vice President; and the Congress may by law provide for the case of removal, death, resignation, or inability both of the President and Vice President, declaring what officer shall then act as President, and such officer shall act accordingly, until the disability be removed or a President shall be elected.

PRESIDENT'S COMPENSATION.

The President shall, at stated times, receive for his services a compensation which shall neither be increased or diminished during the period for which he shall have been elected, and he shall not receive within that period any other emolument from the United States, or any of them.

OATH.

Before he enters on the execution of his office he shall take the following oath or affirmation: "I do solemnly swear (or affirm) that I will faithfully execute the office of President of the United States, and will, to the best of my ability, preserve, protect, and defend the Constitution of the United States."

POWERS AND DUTIES.

SEC. 2. The President shall be Commander-in-Chief of the army and navy of the United States, and of the militia of the several States when called into the actual service of the United States; he may require the opinion, in writing, of the principal officer in each of the executive departments upon any subject relating to the duties of their respective offices, and he shall have power to grant reprieves and pardons for offenses against the United States, except in cases of impeachment.

He shall have power, by and with the advice and consent of the Senate, to make treaties, provided two thirds of the Senators present concur; and he shall nominate, and by and with the advice and consent of the Senate, shall appoint Ambassadors, other public Ministers and Consuls, Judges of the Supreme Court, and all other officers of the United States whose appointments are not herein otherwise provided for and which shall be established by law; but the Congress may by law vest the appointment of such inferior officers as they think proper in the President alone, in the Courts of law, or in the heads of departments.

The President shall have power to fill up all vacancies that may happen during the recess of the Senate, by granting commissions, which shall expire at the end of their next session.

SEC. 3. He shall, from time to time, give to the Congress information of the state of the Union, and recommend to their consideration such measures as he shall judge necessary and expedient; he may, on extraordinary occasions, convene both Houses, or either of them, and in case of disagreement between them with respect to the time of adjournment, he may adjourn them to such time as he shall think proper; he shall receive Ambassadors and other public Ministers; he shall take care that the laws be faithfully executed, and shall commission all the officers of the United States.

OFFICERS REMOVED.

SEC. 4. The President, Vice President, and all civil officers of the United States, shall be removed from office on impeachment for and conviction of treason, bribery, or other high crimes and misdemeanors.

ARTICLE III.

OF THE JUDICIARY.

SECTION 1. The judicial power of the United States shall be vested in one Supreme Court and in such inferior Courts as the Congress may from time to time ordain and establish. The Judges both of the Supreme and inferior Courts, shall hold their offices during good behavior, and shall, at stated times, receive for their services a compensation which shall not be diminished during their continuance in office.

SEC. 2. The judicial power shall extend to all cases in law and equity arising under this Constitution, the laws of the United States, and treaties made, or which shall be made, under their authority; to all cases affecting Ambassadors, other public Ministers, and Consuls; to all cases of admiralty and maritime jurisdiction, to controversies to which the United States shall be a party; to controversies between two or more States; between a State and citizens of another State; between citizens of different States; between citizens of the same State claiming lands under grants of different States; and between a State, or the citizens thereof, and foreign States, citizens, or subjects.

JURISDICTION OF SUPREME COURT.

In all cases affecting Ambassadors, other public Ministers, and Consuls, and those in which a State shall be a party, the Supreme Court shall have original jurisdiction. In all the other cases before mentioned, the Supreme Court shall have appellate jurisdiction, both as to law and fact, with such exceptions and under such regulations as the Congress shall make.

OF TRIALS AND CRIMES.

The trials of all crimes, except in cases of impeachment, shall be by jury; and such trial shall be held in the State where the said crimes shall have been committed; but when not committed within any State, the trial shall be at such place or places as the Congress may, by law, have directed.

OF TREASON.

SEC. 3. Treason against the United States shall consist only in levying war against them or in adhering to their enemies, giving them aid and comfort.

No person shall be convicted of treason, unless on the testimony of two witnesses to the same overt act, or on confession in open Court.

The Congress shall have power to declare the punishment of treason, but no attainder of treason shall work corruption of blood, or forfeiture, except during the life of the person attainted.

ARTICLE IV.

STATE ACTS.

SECTION 1. Full faith and credit shall be given in each State to the public acts, records, and judicial proceedings of every State. And the Congress may, by general laws, prescribe the manner in which such acts, records, and proceedings shall be proved, and the effect thereof.

PRIVILEGES OF CITIZENS.

SEC. 2. The citizens of each State shall be entitled to all privileges and immunities of citizens in the several States.

A person charged in any State with treason, felony, or other crime, who shall flee from justice and be found in another State, shall, on demand of the executive authority of the State from which he fled, be delivered up, to be removed to the State having jurisdiction of the crime.

RUNAWAYS TO BE DELIVERED UP.

No person held to service or labor in one State, under the laws thereof, escaping into another, shall, in consequence of any law or regulation therein, be discharged from such service or labor, but shall be delivered up on claim of the party to whom such service or labor may be due.

NEW STATES.

SEC. 3. New States may be admitted by the Congress into this Union; but no new State shall be formed or erected within the jurisdiction of any other State, nor any State be formed by the junction of two or more States, or parts of States, without the consent of the Legislatures of the States concerned, as well as of the Congress.

TERRITORIAL AND OTHER PROPERTY.

The Congress shall have power to dispose of and make all needful rules and regulations respecting the territory or other property belonging to the United States; and nothing in this Constitution shall be so construed as to prejudice any claims of the United States, or of any particular State.

SEC. 4. The United States shall guarantee to every State in this Union a republican form of government, and shall protect each of them against invasion; and, on application of the Legislature, or of the Executive (when the Legislature cannot be convened), against domestic violence.

ARTICLE V.

AMENDMENTS.

The Congress, whenever two thirds of both Houses shall deem it necessary, shall propose amendments to this Constitution, or, on the application of the Legislatures of two thirds of the several States, shall call a Convention for proposing amendments, which, in either case, shall be valid, to all intents and purposes, as part of this Constitution, when ratified by the Legislatures of three fourths of the several States, or by Conventions in three fourths thereof, as the one or the other mode of ratification may be proposed by the Congress; *provided*, that no amendment which may be made prior to the year one thousand eight hundred and eight, shall in any manner affect the first and fourth clauses in the ninth section of the first Article; and that no State, without its consent, shall be deprived of its equal suffrage in the Senate.

ARTICLE VI.

DEBTS.

All debts contracted and engagements entered into before the adoption of this Constitution shall be as valid against the United States, under this Constitution, as under the Confederation.

SUPREME LAW OF THE LAND.

This Constitution, and the laws of the United States which shall be made in pursuance thereof, and all treaties made or which shall be made under the authority of the United States, shall be the supreme law of the land, and the Judges in every State shall be bound thereby, anything in the Constitution or laws of any State to the contrary notwithstanding.

OATH—NO RELIGIOUS TEST.

The Senators and Representatives before mentioned, and the members of the several State Legislatures, and all executive and judicial officers, both of the United States and of the several States, shall be bound, by oath or affirmation, to support this Constitution; but no religious test shall ever be required as a qualification to any office or public trust under the United States.

ARTICLE VII.

The ratification of the Conventions of nine States shall be sufficient for the establishment of this Constitution between the States so ratifying the same.

DONE in Convention by the unanimous consent of the States present, the seventeenth day of September, in the year of our Lord one thousand seven hundred and eighty-seven, and of the Independence of the United States of America the twelfth. In witness whereof, we have hereunto subscribed our names.

ARTICLE IV.

LEGISLATIVE DEPARTMENT.

SECTION 1. SEC. 2. The sessions of the Legislature shall be biennial, and shall commence on the first Monday of December next ensuing the election of its members, unless the Governor of the State shall, in the interim, convene the Legislature by proclamation. No session shall continue longer than one hundred and twenty days.—[Amended, 1862.]

SEC. 3. The members of the Assembly shall be chosen biennially, by the qualified electors of their respective districts, on the first Wednesday in September, unless otherwise ordered by the Legislature, and their term of office shall be two years.—[Amended, 1862.]

SEC. 4. Senators and members of the Assembly shall be duly qualified electors in the respective counties and districts which they represent.

SEC. 5. SEC. 6. The number of Senators shall not be less than one third, nor more than one half, of that of the members of the Assembly; and at the first session of the Legislature after this section takes effect, the Senators shall be divided by lot, as equally as may be, into two classes. The seats of the Senators of the first class shall be vacated at the expiration of the second year, so that one half shall be chosen biennially.—[Amended, 1862.]

SEC. 7. When the number of Senators is increased they shall be apportioned by lot, so as to keep the two classes as nearly equal in number as possible.

SEC. 8. Each House shall choose its own officers, and judge of the qualifications, elections, and returns of its own members.

SEC. 9. A majority of each House shall constitute a quorum to do business; but a smaller number may adjourn from day to day, and may compel the attendance of absent members, in such manner and under such penalties as each House may provide.

SEC. 10. Each House shall determine the rule of its own proceedings, and may, with the concurrence of two thirds of all the members elected, expel a member.

SEC. 11. Each House shall keep a Journal of its own proceedings, and publish the same; and the yeas and nays of the members of either House on any question shall, at the desire of any three members present, be entered on the Journal.

SEC. 16. Any bill may originate in either House of the Legislature, and all bills passed by one House may be amended in the other.

SEC. 17. Every bill which may have passed the Legislature shall, before it becomes a law, be presented to the Governor. If he approve it he shall sign it, but if not, he shall return it, with his objections, to the House in which it originated, which shall enter the same upon the Journal, and proceed to reconsider it. If, after such reconsideration, it again pass both Houses, by yeas and nays, by a majority of two thirds of the members of each House present, it shall become a law, notwithstanding the Governor's objections. If any bill shall not be returned within ten days after it shall have been presented to him (Sundays excepted), the same shall become a law, in like manner as if he had signed it, unless the Legislature, by adjournment, prevent such return.

SEC. 18. The Assembly shall have the sole power of impeachment, and all impeach-

SEC. 19. The Governor, Lieutenant Governor, Secretary of State, Controller, Treasurer, Attorney General, Surveyor General, Justices of the Supreme Court, and Judges of the District Court, shall be liable to impeachment for any misdemeanor in office; but judgment in such cases shall extend only to removal from office and disqualification to hold any office of honor, trust, or profit under the State; but the party convicted or acquitted shall, nevertheless, be liable to indictment, trial, and punishment according to law. All other civil officers shall be tried for misdemeanor in office in such a manner as the Legislature may provide.

SEC. 20. No Senator or member of Assembly shall, during the term for which he shall have been elected, be appointed to any civil office of profit under this State which shall have been created or the emoluments of which shall have been increased during such term, except such offices as may be filled by election by the people.

SEC. 21. No person holding any lucrative office under the United States, or any other power, shall be eligible to any civil office of profit under this State; *provided*, that officers in the militia to which there is attached no annual salary, or local officers and Postmasters, whose compensation does not exceed five hundred dollars per annum, shall not be deemed lucrative.

SEC. 22. No person who shall be convicted of the embezzlement or defalcation of the public funds of this State shall ever be eligible to any office of honor, trust, or profit under this State; and the Legislature shall, as soon as practicable, pass a law providing for the punishment of such embezzlement or defalcation as a felony.

SEC. 23. No money shall be drawn from the Treasury but in consequence of appropriations made by law. An accurate statement of the receipts and expenditures of the public moneys shall be attached to and published with the laws at every regular session of the Legislature.

SEC. 37. It shall be the duty of the Legislature to provide for the organization of cities and incorporated villages, and to restrict their power of taxation, assessment, borrowing money, contracting debts, and loaning their credit, so as to prevent abuses in assessments and in contracting debts by such municipal corporations.

SEC. 38. In all elections by the Legislature, the members thereof shall vote viva voce, and the votes shall be entered on the Journal.

SEC. 39. In order that no inconvenience may result to the public service from the taking effect of the amendments proposed to Article IV by the Legislature of eighteen hundred and sixty-one, no officer shall be suspended or superseded thereby until the election and qualification of the several officers provided for in said amendments.—*Amended, 1862.*

SEC. 2. The bonds and coupons shall be payable at the office of the County Treasurer; and when any coupons are paid, they shall be detached and canceled by the Treasurer in the same manner as county warrants are canceled by him, and they shall be deposited by him with the County Auditor, on making his monthly settlement with the County Auditor, which he is required hereby to make on the first Monday of every month, and the County Auditor shall give him a receipt therefor.

Immediately upon the acceptance of such bids, the Board shall receive from the bidder the amount bid, and shall deliver to him the bonds purchased. If no bidder attend on the day fixed for the sale of the bonds, or if from any cause the sale of such bonds shall not be made on said day, then the Board of Supervisors may again advertise for bids in the same manner, and for the time above provided, and shall award the bonds, in all respects, as hereinbefore provided; but in all cases the Board of Supervisors shall have power to reject any and all bids.

Duty of
Engineer.

ARTICLE TWO. It shall be the duty of said Engineer, upon receiving such notice, to proceed and survey the said proposed improvement; to make a map thereof, showing the location, boundaries, the amount of land necessary to be taken, and the names of the owners and possessors thereof, showing the portion owned and possessed by each, and return the same to the Board of Trustees within ten days after the receipt of said resolution by him, unless longer time shall be granted by said Board.

Notice of
hearing.

ARTICLE THREE. Upon receiving said map, and return from said Engineer, the said Board shall forthwith give notice of not less than five days, by publication in a newspaper, if there be one published within said town; if there be no newspaper published in said town, then by posting notices at the place of meeting of said Board, and at three other public places in said Town of San Leandro, of the time and place where they will hear all parties desiring to show cause against said improvements. At the time and place designated in such notice, or at such subsequent time as the Board may adjourn to, but such adjournment shall not in the aggregate exceed seven days, the Board shall proceed with such hearing.

Within two days thereafter, said Commissioners shall give notice of time and place where they will proceed to examine the property to be affected by such improvements, by an advertisement for three days in a newspaper published in said town, if there be a newspaper published therein, and if not, by posting notices at the place of meeting of the Board, and at three other places in said town. At the time and place named they shall proceed to examine the lands and improvements to

be affected by the proposed improvements, and shall first ascertain the amount of damages to be sustained, the names of the owners of the property to be damaged, and the amount to be paid to each of the owners therefor. They shall then assess upon the property to be benefited by such improvement a sum sufficient to pay the whole amount of said damages, and the fees and expenses of said Commissioners, and shall apportion the same among the owners of the several parcels of property to be thus benefited, in proportion to the amount of benefits to accrue to each. In making such estimate and apportionment they shall take all pertinent testimony that may be offered them, and may examine any witness that they shall deem it necessary or advisable to call, and shall have authority to administer oaths to all persons testifying before them. Within twenty-one days after the apportionment, unless further time be granted by the Board of Trustees, they shall make a report to the said Board of all assessments and awards so made by them, with the names and amounts of the persons damaged or benefited as aforesaid.

ARTICLE FIVE. Upon receiving such report said Board may, Levy of tax by ordinance, levy a tax upon the several parcels of property reported as benefited by said improvement for the amounts severally charged against each in said report, which tax shall be a lien on said severable parcels of property severally, and shall not be removed until said tax is paid. At the expiration of Collection. said ten days they shall issue to the Town Marshal a warrant, to be signed by the President and Clerk, commanding him to levy and collect all of the said tax that shall then be unpaid, with his fees for collection, from the property upon which the same is a lien as aforesaid, and shall thereupon deliver the same to said Marshal.

ARTICLE SIX. Upon receiving said warrant the Marshal Same. shall proceed to collect so much of said tax as is unpaid, by levy upon and sale of the several portions of property upon which said unpaid tax is a lien, in the same manner and with the same authority as sales on execution for Sheriffs, and return said warrant, with his doings thereon, within thirty days after the receipt thereof by him. If for any reason the whole amount thereof shall not be collected, said Board may issue with like effect a subsequent warrant or warrants, until all be collected.

ARTICLE SEVEN. As soon as money enough for the purpose Tender awards. is received from said tax, said Board shall direct the Marshal to pay or tender to each party to whom damages have been awarded, the sums severally due them, and thereupon to proceed forthwith and open said street or other improvement, and the same shall thereupon be deemed to be open to public use for the purpose and to the extent in the original resolution prescribed. If any person or party entitled to damages cannot be found by said Marshal, he shall deposit the amount due to them in the Town Treasury as a special deposit subject to their order, and the same shall be deemed a sufficient payment under

this Act. The money so deposited shall not be drawn or used for any purpose whatever.

Fund. ARTICLE EIGHT. All moneys collected under this Act shall be paid into the Town Treasury as a special Fund for the purpose for which they were collected, and shall not be drawn out or used for any other purpose whatever.

Rights and pay of Commissioners. ARTICLE NINE. The Engineer aforesaid, and the Commissioners to be appointed as herein prescribed, shall each have the right to go in or upon any property for the purpose of making the survey and examinations above mentioned, or for any other purpose necessary in the discharge of their duties under this Act. Said Commissioners shall each be entitled to three dollars for the first day, and two dollars for each subsequent day devoted to their duties as such Commissioners, and they shall not receive any other fees or compensation for such services.

The Board of Trustees of the town shall have power, and are hereby authorized, to order the whole or any portion of the streets, lanes, alleys, places, courts, and public grounds of the town, graded or regraded, curbed or recurbed, macadamized or remacadamized, paved or repaved, and to order sidewalks, crosswalks, culverts, sewers, cesspools, manholes, and hydrants constructed therein, and to order any other work done which shall be necessary to make and complete and keep the same in good repair, and to order the streets and sidewalks and public grounds kept free from grass and weeds, and to order shade trees planted and taken care of along the line of the streets and in the public grounds; and the costs of making such improvements shall be made a lien upon the lots and lands fronting upon the streets where such improvements shall be made, and contiguous thereto, as specified in the succeeding sections of this Act.

When the Board of Trustees shall have ordered improvements made, as provided in the preceding Article, if they deem it best, they may set a time in which the owners or occupants of lands and lots fronting on the street where the improvements are ordered made, may make the same in front of their respective lots and premises, in accordance with the plans and specifications furnished therefor by said Board. But if, in the judgment of the Board, they shall deem it best, they shall cause notices, signed by the Clerk, to be posted forthwith on three town bulletin boards for at least five days, and also be inserted one time in some newspaper, if there be one published within the town. Said notice shall describe the improvements to be made and the time within which sealed proposals will be received by said Clerk for the making of said improvements, in accordance with the plans and specifications therefor. At the time specified in said notice, the Board of Trustees, in open session, shall open and examine all bids which shall have been received by the Clerk, and publicly declare the same, and award the work to the lowest responsible bidder; *provided*, they may reject any or all bids, as the public good may in their opinion require, and also the bid of any party who may have proved delinquent or unfaithful in any former contract with the town; and if all bids are rejected, the Clerk shall readvertise as aforesaid.

Work and proposals.

ARTICLE THREE. When the Board of Trustees shall have awarded the making of any improvements as aforesaid, it shall be the duty of the Town Marshal to forthwith enter into a contract with the successful bidder for the making of the improvements as advertised for, and according to the plans and specifications therefor, and at the price named in the award, of said Board; said contract to specify the rate per front foot and the cost of each separate street crossing, including all work, the full width of both streets, on said crossings. After examining any objections or complaints that may be brought before them on appeal in regard to the aforesaid assessment, the Board of Trustees may correct, alter, or modify such assessments in such manner as to them may seem just, and direct the Assessor to make such corrections, alterations, or modifications. If such report be satisfactory to the Board, they shall cause notice to be given in some newspaper published in the city, for at least two weeks, inviting sealed proposals for the construction of said work within a time specified, according to such specifications or petition, to be filed with the Clerk on or before a day mentioned in such notice. Each bid shall be accompanied by a bond, with at least two responsible sureties, in an amount to be fixed by the Board, conditioned that the bidder will enter into a contract with the Board for performance of said work, should his bid be accepted. Owner may elect.

SEC. 24. At the end of five days from the acceptance of such bid, the Board shall enter into a contract with the successful bidder for the construction of all of said work which the property owners shall not have elected to do themselves, and they shall require of said contractor a bond to the corporation, with two sufficient sureties, to be approved by them, in a sum equal to the contract price of the work to be done, conditioned that the contractor will perform the work faithfully within a time to be named therein. Contract.

The number of front feet in each piece or lot, and the rate per front foot that such lot has been charged, and the full amount assessed to each separate lot, shall be carried out into a separate column, and the total shall be added up at the foot thereof. The Board may correct said assessment list in any particular before approving the same, and after approval thereof by the Board, by an order entered in their minutes, the same shall be certified to be correct by the President of the Board, and thereupon the sums so assessed shall become liens upon the respective lots.

SEC. 27. The assessment roll shall then be placed in the hands of the Treasurer, who is authorized to receive all sums so assessed. Within one week after receiving the roll, the Treasurer shall advertise notice, in some newspaper published in the city, that such assessment is due and payable, and if remaining unpaid for thirty days from the date of the first publication of notice, will become delinquent. The notice shall be published for at least eight days, and on at least two different days of publication shall state the hours during which, and the place where payment will be received by the Treasurer. When any payment shall be made, he shall write the word "Paid" against such amount. At the end of the thirtieth day he shall declare all assessments unpaid to be delinquent, by an entry in writing at the foot of the roll, signed by him, and shall return such delinquent list to the Clerk of the Board. When no bond has been exacted and when a bond has been executed for faithful performance of a contract to keep the public road in repair, the consent of the Board of Supervisors shall also be necessary to release the principal and his sureties, and the Board may require bonds to be given by the third party, as hereinbefore provided for the contractor in the first instance. In case of the death of any contractor, or his removal to a locality or township in or out of the county, remote from the portion of public road contracted for, to be improved or repaired, without disposal of his contract, it shall be the duty of the Commissioner to sell the unexpired term of such purchase or contract, as hereinbefore provided.

In case the commission report the said bridge or road unsafe, the Road Commissioner shall thereupon suspend the collection of tolls thereon, and give the public warning of the danger by posting notices, in large letters, in a conspicuous place, at each end of such road or bridge, and such other places as he may deem proper. If, after such notice, the said toll road or bridge be not immediately repaired, in a manner satisfactory to the Commissioner, he shall procure from the Board of Supervisors an order suspending the franchise or privileges held by the owners of the said road or bridge from the Board of Supervisors, or the State, until the same shall be rendered safe for travel. a special tax on all the taxable property of the county, which shall, in their judgment, be sufficient to pay the interest on all bonds then outstanding, as the same may fall due. Such tax shall be levied, assessed, and collected, as other county taxes, and shall be by the Treasurer set apart as a special Fund, to be known as the "Interest Road Bond Fund," and the Treasurer must pay the said coupons out of said Fund as they may fall due. SEC. 6. In and for the year eighteen hundred and seventy-five, and annually thereafter until the whole of said bonds are redeemed, the Board of Supervisors must levy and cause to be collected a tax sufficient to pay ten per cent of the whole issue of said bonds. Preamble.

Whereas, the report provided for in section six of an Act of the Legislature of the State of California, entitled an Act to open and establish a public street in the City and County of San Francisco, to be called Montgomery Avenue, and to take private lands therefor, approved April first, eighteen hundred and seventy-two, has been filed, approved, confirmed, and made final as provided for in said Act, and by said report the sum of twenty thousand dollars was set apart and allowed for incidental expenses to accrue up to and until the close of the duties of the Board of Public Works mentioned in said Act; and, whereas, it has been found expedient to temporarily withdraw from said last mentioned amount the sum of sixteen thousand nine hundred and twenty-seven dollars and ninety-three cents, and apply the same in payment of the interest which became due July first, eighteen hundred and seventy-three, on the Montgomery Avenue Bonds mentioned in said Act, then issued; and, whereas, the said sum set apart as aforesaid for incidental expenses, is required for other purposes, and it is just that the portion thereof which was appropriated to the payment of interest as aforesaid, should be replaced by an equal amount, to be levied, assessed, and collected upon the lands described in section four of said Act, originally liable for the payment of said interest; and, whereas, the duties of the Board of Public Works, and of its attorney and Secretary, have been unavoidably prolonged beyond the period of one year originally contemplated by said Act, and it is proper that they should respectively receive additional compensation; therefore,

When collected, the said sum of sixteen thousand nine

Examina-
tion of

SEC. 3. The said Board of Examiners, upon receiving said report, shall examine the same, and shall audit and allow to each of the parties named in section two, the amounts reported by said Commissioners as their due, or such other amounts, either greater or less, as the facts reported, or other facts within or to be brought to the knowledge of said Board of Examiners, may seem to justify and make reasonable, equitable, and proper.

For the purpose of paying the interest on said bonds, the Board of Supervisors of said county shall, at the time of levying the county taxes for each year, levy a special tax on all property in said county, sufficient to pay the interest, for one year, on all bonds then outstanding. The special tax thus levied shall be assessed and collected as other State and county taxes are assessed and collected, and shall be set apart as a special Fund, to be known as "Big River Township Bridge Interest Fund," and out of said Fund the coupons shall be paid as they fall due.

Immediately after the hour specified, he shall, in the presence of the County Auditor, open all such proposals, and shall redeem such bonds as may be offered at the lowest figure; *provided*, that no bid above par shall be accepted. If no bid shall be put in at par or less, or if a sufficient amount of bonds shall not be offered to absorb all the moneys then in said Fund, then bonds to the amount of the moneys in said Fund shall become due and payable in the order in which they are numbered, and the Treasurer shall give notice, in like manner as above; *provided*, that such bonds have become due, and all interest thereon shall cease from and after thirty days from the first publication of such notice. To borrow money.

SEC. 2. To secure such loan of money, the Board of Trustees of said Court House School District are hereby authorized to cause to be issued the bonds of the said school district to the amount of ten thousand dollars, gold coin of the United States, in sums of one hundred dollars each, with interest coupons attached, payable in like gold coin, at the rate of eight per cent per annum; the principal of said bonds shall be payable (in such time as may be expressed by the terms of said bonds), at any time within ten years, and the interest to be payable annually; and the faith and credit of said school district is hereby pledged for the payment of the principal and interest of said bonds. And on the last Saturday in February, in eighteen hundred and seventy-five, and in each year thereafter, there shall be elected in each road district, by the qualified electors thereof, a Roadmaster, whose term of office shall commence on the first Monday in March after his election, and shall continue one year, and until the election and qualification of his successor. Notice of such elections shall be given by the Board of Supervisors, at least fifteen days before such elections. Notice shall be given by publication in a newspaper printed and published in the county, and shall specify the place within each district where the polls will be held, and the time of holding such election. Such elections shall be conducted in all respects, the returns thereof made and canvassed, and the result declared, in the same manner as provided by law for general elections; *provided*, that at elections provided for in this Act, it shall not be necessary to use copies of the Great Register, and the officers conducting such elections shall receive no compensation for their services, and the polls shall be opened at one o'clock P. M., and be kept open until sunset. No person shall be eligible to the office of Roadmaster, who shall not be a qualified elector and taxpayer of the district; *provided*, that the City of Napa shall, for the purpose of this Act, constitute a separate road district, and no election for Roadmaster shall be held in said city under the provisions of this Act. And the county road tax, provided for in section one of this Act, which shall be collected upon property in the City of Napa, shall be paid by the Tax Collector of Napa County to the Treasury of said city, on the first Monday in each month, and shall be placed in the Treasury of said

city; and the road poll tax, provided for in said section, shall be collected in said city by the City Marshal, and paid by him into the City Treasury. The Board of Supervisors shall fill all vacancies that may occur in the office of Roadmaster.

SEC. 3. Section fifteen of said Act is amended so as to read as follows:

Section 15. It shall be the duty of the Roadmaster to have the care and general supervision of the public roads in his district, to maintain therein as good repair as the means at his command will permit. Each person residing in any road district, who shall desire to pay his property road tax in labor on the roads for any year, must, within the month of January or February preceding such year, give notice in writing to the Roadmaster, of his desire and intention. The Roadmaster shall file said notice, and at the expiration of his term, deliver all notices and other books and papers to his successor in office. Such notices may only be given by persons owning real estate in such road district, or persons leasing real estate for agricultural purposes. It shall be the duty of the Roadmaster to give to each person serving such notice upon him, at some time during the year, five days' notice of the time, place, and amount of work which he requires of such person; *provided*, that the whole thereof shall not exceed the amount of the taxes due from such person; *and, provided further*, that the neglect of said Roadmaster to give such notice, shall not exempt any person from the payment of such property road tax. Such notice given by the Roadmaster shall also specify what teams such person is expected to bring for the road service. Upon the completion of such road service required of such person to the satisfaction of the Roadmaster, he shall make out and deliver to such person a receipt for the labor performed, at the rate of two dollars per day for each man, and one dollar per day for each span of horses or mules and wagon. A day's labor shall be not less than ten hours of actual labor, time of going and returning not to be included as service performed on the highways. The Roadmaster may, without the consent of the Board of Supervisors, make contracts for the grading of roads or any other necessary work upon the highways within his district; *provided*, no such contract shall be made when the amount will probably exceed one hundred dollars; and ten days' notice shall be given by the Roadmaster prior to the letting of any such contract, by posting four notices of the letting of the same in the district, two of which shall be posted on the place where said contract is to be performed, which notice shall specify the time and place of letting said contract, which place shall be within the district, with necessary specifications; and said contract shall be let to the lowest responsible bidder. Said Roadmaster may and shall have the right to reject any and all bids. All payments for the fulfillment of such or any contract shall be made by warrants

drawn on the Road Fund of the district in which the contract was performed. In case of the construction or repairing of a bridge crossing a stream which is the boundary of two districts, the Roadmasters of such districts shall have and exercise a joint duty and authority over the erection or repair of said bridge, and the expense thereof shall be equally divided between said districts. The Roadmaster may, with the consent of the Board of Supervisors, make contracts for the purchase of lumber or other materials for building bridges or culverts, for grading roads, or any other necessary work upon the highways within his district, in excess of one hundred dollars, after having first given fifteen days' notice of the proposed letting of such contract, by publication in some newspaper published in the county. The notice shall set forth the work to be done, or amount of material required, when and where proposals will be received and opened, and where specifications, if any, may be seen and examined; also, stating what particulars must enter with the proposals, and the character and time of the payments proposed to be made. Upon the day set forth in the notice, all the proposals filed shall be opened by the Roadmaster of the district, and the proposals of the lowest responsible bidder shall be accepted, and the contract awarded to him; *provided*, that the Roadmaster may reject all bids. All payments for the fulfillment of any such contract shall be made by warrants drawn on the Road Fund of the district. It shall be the duty of the Roadmaster to collect, in his district, the road poll tax provided for in this Act, and, upon payment, to issue to the person paying it a receipt therefor, which receipt shall be received by the Tax Collector of the county in payment of the road poll tax assessed to him. The Roadmaster shall retain, as his compensation for collection, ten per cent of the amount of poll tax collected by him, and no other officer shall receive any percentage for the collection of the road poll tax. To enforce the collection of said poll tax, the Roadmaster shall seize so much of any and every species of personal property whatever, claimed or owned by any person liable to, or refusing or neglecting to pay said road poll tax, or property in possession of, or money due from any other person, and belonging to such person refusing or neglecting to pay said tax, as will be sufficient to pay such road poll tax and costs, such costs not to exceed three dollars, and shall and may sell the same at any time or place, upon giving a verbal notice of one hour previous to such sale; and any person indebted to another, liable to pay the same, shall be subject to pay said tax for such other person, after service upon him, by the Roadmaster, of a notice in writing, stating the name or names of the person so liable and owing such poll tax; and such debtor may deduct the amount thereof from such indebtedness. The Roadmaster, after having deducted the poll tax from the proceeds of such sale herein provided, shall return the surplus of the proceeds to the owner. A delivery of the possession of the property, by the Roadmaster, to the purchaser at such sale, shall be a sufficient title in the purchaser, without exacting a certificate of purchase thereof of the Roadmaster.

SEC. 4. Section sixteen of said Act is hereby amended so as to read as follows:

Section 16. Each Roadmaster shall prepare quarterly a statement of the amount of the Road Fund paid in labor within his district, and by whom paid, and the amount paid in cash, and by whom paid, and the amount paid for utensils and materials, and to whom, for what paid, the amount paid upon contracts, and to whom paid, and for what paid, and a specific statement of his official acts pertaining to his district, and the number of days' or parts of days' services by him actually and necessarily performed in the discharge of his official duties during said three months, which statement he shall file with the Clerk of the Board of Supervisors of Napa County. He shall, at the end of the term of his office, account for and deliver to his successor in office, all tools and implements of every kind and description belonging to his district and take a receipt therefor, which receipt shall be filed with the Clerk of the Board of Supervisors; and he shall, at the end of the term of his office, account for and pay over to the County Treasurer all moneys remaining in his hands, arising from the collection of road poll taxes, and which sum shall be placed to the credit of the Road Fund of his district, all of which particulars shall be verified by his oath; and he shall be allowed, in payment of his services as Roadmaster, a per diem of two dollars and fifty cents, and shall allow himself the same sums for teams as he may allow any other persons or taxpayers for teams.

Bonds for costs.

SEC. 4. In all cases upon filing a petition for the location or alteration of a road, the Board of Supervisors shall, before appointing Viewers to locate such road, require the petitioners, or some one in their behalf, to enter into bonds with sufficient surety to be approved by the Board, and in such sums as the Board of Supervisors may determine, which bond shall be conditioned that the petitioners will pay into the County Treasury the amount of all costs and expenses accruing on or in consequence of such application, in case the road petitioned for shall not be finally located, confirmed, and established, or finally made as prayed for in the petition; and in case such road shall not be finally located and established, or such alteration made by order of the Board of Supervisors, the sureties on the bond mentioned in this section shall become liable for all the costs and expenses which shall have been incurred by the county upon said petition; and upon failure to pay such costs into the County Treasury within three months after such liability shall have accrued, the Board of Supervisors shall cause such bond to be delivered to the District Attorney of the county, whose duty it shall be to prosecute the same for the recovery of such costs and expenses; and the amount, when collected, shall be paid into the County Road Fund.

Application for damages.

SEC. 5. Any person or persons owning or claiming land through or upon which it is proposed to locate and establish a public highway, and desiring to claim damages in consequence of such location, shall make application, by petition in writing, to the Board of Supervisors, on or before the first day of a regular meeting of the Board next succeeding the appointment of Viewers, it being after the time of filing the report of the Viewers as in this Act provided, in which petition they shall set forth the particular road, the amount and character of the petitioner's land affected thereby, and generally, all other facts having relation to the subject of damages, and showing why the petitioner would be damaged by the location of such road, according to the survey and report of the Viewers; *provided*, that the legal guardians of minors, idiots, or insane persons shall be authorized and required to take all measures necessary in the premises for the protection of their wards. All persons who fail to make application for damages within the time, and

substantially in the manner specified in this section, shall be deemed to have waived all right to damages, and shall be deemed to have dedicated the lands affected by the proposed location or alteration of such road, to the public use as a highway, and such failure shall forever be a bar to any action for damages in any of the Courts of this State.

SEC. 6. Upon the day fixed by the Board of Supervisors, after the return of said report, and the hearing thereof, which the Board may from time to time continue, the Board of Supervisors shall proceed to consider all the matters touching the original petition for the location, alteration, or vacation of any road, and all subsequent proceedings had thereon in connection with the report of the Viewers, on file, and such evidence as parties interested may introduce touching the same; and if, in their opinion, the public good and convenience require that the proposed location, alteration, or vacation should be established, they shall confirm the report thereon, in whole or in part, as they may deem advisable, as a public highway, either absolutely, in which case the damages awarded and the costs which have accrued shall be paid out of the Road Fund of the district or districts through which said road is proposed to be located, and the Board of Supervisors shall order warrants drawn accordingly; or they may make the establishment conditional upon the payment by the petitioners of all or any part of the damages awarded or the cost which may have accrued, if in the opinion of the Board of Supervisors the proposed location, alteration, or vacation is not necessary for the public good, or is not of sufficient importance to warrant the action asked for, they may refuse to confirm the report of the Road Viewers, and may discontinue proceedings in the premises, and they shall then direct the District Attorney to collect the expenses which may have accrued during the progress of the proceedings had in the premises upon the bond provided for in section three of this Act. Whenever any public road is established, as contemplated in this Act, it shall be recorded by the Clerk of the Board of Supervisors, in a book to be kept for that purpose, which book shall be called the "Road Record" of the county. Upon the final establishment of any road, and the payment, or securing of the damages finally awarded, the Clerk of the Board of Supervisors shall, within ten days thereafter, notify the Superintendent of Roads of the district within which such road is situated, of the establishment thereof, and to furnish him with a specific description of said road; and it shall be the duty of the said Superintendent of roads to open such road within thirty days from the reception of such notice, unless for good cause shown the Board of Supervisors may extend the time for opening the same.

Superintendent's duties and powers.

SEC. 17. It shall be the duty of each Road Superintendent to have the care and general supervision of the public roads within his district, to maintain them in as good repair, and to erect such necessary bridges and culverts, as the means at his command will permit. He shall oversee and direct the labor expended upon the roads in his district, and see that plows, scrapers, and other implements are furnished for the road service. He shall have power to call out such number of persons in his district to labor upon the roads as shall be necessary to maintain the same in good repair. He shall give to each person whose labor shall be required, at least three days' notice of the time and place such person shall appear for the purpose of working on the public roads. Such notice shall specify what teams or utensils such person is required to bring for the road service; *provided*, that no person shall be required to bring any team or implement who is not the owner of such, nor shall any one person be compelled to work over five days during any one year; *provided*, that when any bridge, culvert, or levee shall be broken or injured so as to be impassable or dangerous, or when any road from any cause shall be impassable, the Road Superintendent may call out, without giving the three days' notice as aforesaid, a sufficient number of persons living in the vicinity to repair or open such road. For service performed under the provisions of this section by any person to the satisfaction of the Road Superintendent, he shall make out, and deliver to such person a receipt for labor done, at the rate of two dollars per day of not less than eight hours, together with such sums as may be justly due for the use of teams and utensils, which shall not exceed the rates ordinarily paid to private parties for like service; and all such receipts shall be presented to the Board of Supervisors, and by them allowed, if correct, and ordered paid by warrants drawn on the Fund of the revenue district in which such service was performed. Such allowed receipts shall be receivable for road taxes, and charged to the district in which the labor was performed; *provided*, that no Superintendent shall have

authority to have a greater amount of labor performed in his Same. district, during any year, than the assessed amount of the road poll tax of his district, without the consent of the Board of Supervisors. Any person notified, as hereinbefore provided, to labor on the public highways, or to furnish teams or utensils, and who shall refuse or neglect to comply with said notice, either in person or by proper substitute, shall be fined five dollars, which fine shall be payable to the Road Superintendent immediately; and if not paid within three days the said Superintendent shall seize so much of any and every species of personal property claimed or owned by such person liable to and refusing or neglecting to perform such road labor, according to notice, as will be sufficient to pay such fine and costs, such costs not to exceed two dollars, and shall sell the same at any time or place, upon giving a verbal notice one hour previous to such sale. All fines under this Act must be paid into the Fund of the proper revenue district. The Road Superintendent may, with the consent of the Board of Supervisors, make contracts for the purchase of lumber or other material for building bridges or culverts, for grading roads, or any necessary work upon the highways within his district; but no such contract in any case shall be made where the amount to be expended will probably exceed one hundred dollars, without having first given at least fifteen days notice of the proposed letting of such contract, by posting the notice thereof for the period of fifteen days, in three public places in the district, or by publication two successive weeks in some newspaper published in the county, which notice shall set forth the services or the amount of material required, when and where proposals will be received and opened, and where specifications may be examined, also stating what particulars must enter with the proposals. Upon the day set forth in such notice for opening the proposals, all the proposals received in reference to the matter of such notice, shall be opened by the Road Superintendent of the district within which the proposed improvements are located, and the proposal of the lowest responsible bidder shall be received; *provided*, that the Road Superintendent or Supervisors may refuse all the proposals, if he or they deem such action advisable. If any such proposal be received and bid accepted, the Superintendent shall require from the contractor a bond for the faithful performance of the contract, in such sum as the Board of Supervisors may direct, and such contractor shall be liable on such bond for neglect or failure to comply with the terms of his contract. All payments for the fulfillments of any contract for the purposes heretofore specified, shall be made by warrants drawn on the Road Fund of the district in which the contract was performed. In case of the construction or reparation of a bridge crossing a stream which is the boundary of two districts or two counties, the Road Superintendent and Supervisors of the several districts and counties connected by said bridge, shall have and exercise a joint duty and authority over the erection and reparation of said bridge, and the expense thereof shall be equally divided between said districts and counties.

The Superintendent shall include in his report to the Supervisors a statement of the condition of the roads in his district, also an estimate of the probable cost of improvements required and work on the roads, and the number of days or parts of days service performed in the discharge of his official duty; and shall at the end of his term of office account for and deliver to his successor in office all tools and implements of every kind or description belonging to his district, and take a receipt therefor, which receipt shall be filed with the Clerk of the Board of Supervisors; and he shall at the end of the term of his office, or upon vacating his office, account for and pay over to the County Treasurer all moneys remaining in his hands, which same shall be placed to the credit of the Road Fund of the proper revenue districts, all of which particulars shall be verified by his oath. And he shall be allowed in full payment for such services per diem of four dollars for each day's actual service; *provided*, that the whole amount shall not exceed the sum of three hundred dollars per annum, to be paid quarterly out of the Road Fund of his district upon the warrant of the County Auditor. Each Superintendent of Roads shall be liable on his official bond for damages sustained by any person or persons by reason of the willful neglect or refusal of such Superintendent to repair any broken bridge or culvert, or any road which shall become impassable within his district when notified thereof, and he shall be liable on his official bond for any failure, refusal, or neglect to comply with the provisions of this Act.

After such list has been equalized, the Common Council shall fix the levy or rate per cent of taxes levied for all municipal purposes for that fiscal year. Every tax so levied shall have the force and effect of a judgment against the person and property taxed, and shall be and constitute, from the date of such levy of the rate or percent, a lien upon the real property situated in said city so assessed, or owned by the party against whom such assessment is made. Petition
and pro-
ceedings
thereupon.

SECTION 1. Whenever it shall become necessary for the said corporation to take private property for any municipal or public use, the Common Council may, by resolution, or on motion, direct proceedings to be taken for the condemnation of such property, and to ascertain the value thereof. For that purpose, a petition, in the name of the corporation, signed by its Attorney, shall be presented to the County Court of the county in which said city is located, at a regular term thereof, stating the object for which the said property sought to be condemned is required, particularly describing the property, and praying for the appointment of Commissioners to ascertain its value. If several pieces of property, or parts of several pieces of property, whether owned by the same or different owners, be required for the same object or public use, all, or any part less than all, may be embraced in one proceeding, or separate proceedings may be commenced against each, respectively. Notice of the time and place at which such petition will be presented to the County Court, signed by the Attorney, shall be given to the owners of such property, and all other parties in interest. Such notice shall state, generally, the object of the proceedings, and the property sought to be taken, and may refer for all particulars to the petition, which must be on file in the office of the Clerk of said Court at the date of said notice. If the owner, or other party, be a resident of the county, the notice may be served upon him, by delivery to him, personally, a copy thereof, at least ten days prior to the time appointed for the presentation of the petition to the Court. If the owner, or other party, be a non-resident of the county, but a resident of the State, the notice may be served upon him by delivering to him, personally, a copy of such notice, at least twenty days before the time appointed for the presentation of the petition. If the owner or other party be a non-resident of the State, notice shall be given by publication once a week, for sixty days, in some newspaper printed and published in the county. The notice shall, in all other respects, be served and returned as may be provided by the laws of the State for the service and return of a summons in civil actions pending in the District Court of said county; *provided*, that in the case of a publication, no order of publication shall be required, nor shall it be necessary to file any papers, or copies of any papers, in the office of the Secretary of State. Proof of service of such notice by publication shall be made by affidavit of the proprietor, publisher, bookkeeper, or other person connected with the publication of the paper in which such notice shall be given.

Commis-
sioners.

SEC. 2. The Court, before hearing the application, shall have satisfactory evidence that such notice has been given as above provided, and when so satisfied, the Court shall, by entry in its minutes, appoint five disinterested persons Commissioners to ascertain the compensation, specifying in the entry the time and place for the first meeting of the Commissioners. The Com-

missioners shall be sworn to discharge their duties faithfully and impartially. They shall view the premises and ascertain and certify to the Court, as soon as practicable, the compensation proper to be paid to the owners of the property to be taken. They, or a majority of them, shall make, subscribe, and file with the Clerk of the Court, a certificate of their assessment.

SEC. 3. The Court shall, at any time thereafter, if no objection should in writing have been filed with the Clerk of the Court by the parties in interest, proceed to consider the report of the Commissioners, and on proof that the respective amounts of damages awarded to the parties in interest have been paid to them, or into Court, shall cause an entry to be made in its minutes, describing the property, setting forth the ascertainment of compensation and the payment as aforesaid, and adjudging and decreeing that the said corporation have, hold, use, and enjoy the said property for public use, as prayed for in the petition. If objection to the report of the Commissioners be filed by any party in interest, before or at the hearing the Court may proceed to hear and determine the same, and may, if it think the compensation reported by the Commissioners to be inadequate, set aside the report and refer the matter again to the same or other Commissioners; but no objection against the second report shall be filed by any party who may have objected to the first. Objection.

SEC. 4. Upon the entry of the order of condemnation being made by the Court, the corporation shall be entitled to have, hold, use, and enjoy the property for public use, and as decreed in said order, as fully as if the same had been conveyed to it by the owners and other parties in interest and made parties to such proceedings. A certified copy of the order as entered may be recorded in the Recorder's office of the county, in like manner and with the like effect as if it was a deed of conveyance to the corporation from the parties defendant to such proceedings. Order of condemnation.

SEC. 5. Subsequent proceedings.

SEC. 6. The Commissioners in any such proceedings shall in all cases, and the Court, when hearing objections to the report, shall, in ascertaining the damages or compensation to be awarded to the parties in interest, take into consideration the benefits and advantages the proposed public use of the property, as stated in the petition, will be to the owners of such property, and shall deduct the same from the amount of damages, and find only the balance, if any shall exist, as the just compensation to be made. Advantages.

SEC. 7. All damages and compensation awarded or paid to the owners of property or other parties in interest, for and on account of the taking of the same for the laying out and opening of any new street, together with all other costs and expenses thereof, shall be paid by, and all such improvements shall be made at the expense of all the property holders along and front- Damages, etc., by whom paid.

ing upon either side of the proposed route of such street, to be laid out and opened in proportion to the number of front feet owned by them respectively along such proposed route. All such damages and costs incurred in extending and prolonging the line of any street, shall be paid by, and all such improvements shall be made at the expense of all the owners of real estate along and fronting upon either side of such extension and prolongation, and along and fronting upon either side of said street prolonged or extended within such distance as the Common Council shall in their discretion determine to be just, from the final point on such street from which such proposed prolongation and extension is to be made, measuring backwards along the center of such street from the point in the center, and at the terminus of the street from which such extension commences, and in proportion to the number of front feet owned by them respectively, and fronting on such extension and on such street within the distance so ascertained and fixed by the Common Council, from such point. All such damages and costs incurred in the widening or straightening of any street shall be paid by, and such improvement shall be made at the expense of the parties owning real property along and fronting upon either side of that portion of such street so to be widened or straightened, and upon either side of said street within such distance as the Common Council shall determine, from either or both of the points of termini of that portion of the street so to be widened or straightened, and from points on the other side of said street and opposite to such points of termini, in proportion to the number of front feet owned by each one respectively, and fronting on either side of such portions of the street so to be widened or straightened, and on either side of such street within such distance from such points of termini and points opposite thereto, so ascertained and fixed by the Common Council.

Apportionment and payment of damages.

SEC. 8. Whenever any proceeding for the condemnation of property for the opening of new streets, the extending or prolongation of streets, or the widening or straightening of streets in said city is instituted, the report of the Commissioners filed, and the order of condemnation has been made and entered by the Court, and any damage or damages have been awarded to the owners of such property so taken, or to other parties in interest, it shall be the duty of the Clerk of the Common Council, within thirty days thereafter, to procure from the Clerk of the County Court of said county a certified copy of the report of the Commissioners in such proceedings, and of the order of condemnation made and entered by the Court therein, and submit the same to the Common Council, at any meeting thereof within twenty days from the expiration of the said thirty days. The Common Council shall thereupon apportion the damages, and all the costs and expenses incurred or to be incurred in such proceeding or matter, amongst the owners of real property liable to be assessed therefor as hereinbefore provided, and order the Clerk of the Common Council to enter and record in the Docket of City Liens hereinafter referred to, the said apportionment of the damages and costs against the said owners of the property liable therefor, respectively. Such record shall substantially contain the same entries as is required by section

nine of Article Seven of this Act in the assessment of property Same. for grading and other street improvement, and shall be and constitute a lien upon the property assessed therefor: After such entry has been made in the Docket of City Liens, if the said assessments be not paid by the several parties liable therefor within thirty days, the Common Council shall order the Clerk of the Common Council to issue warrants thereon, directed to the City Marshal, and commanding him to sell the said property liable therefor. Such warrant shall be executed and returned, and all subsequent proceedings shall be taken in the same manner and with like force and effect as provided by Article Seven of this Act for the enforcement of liens upon property for grading or otherwise improving the streets in said city.

SEC. 9. Whenever any lands or other property are purchased Same. by said city without the institution of proceedings for the condemnation thereof, for any of the purposes enumerated in section eight of this Article, the Common Council shall, as soon as the amount of the expenses incurred or to be incurred, including the purchase money for such property, has been ascertained, apportion the amount of such damages and expenses amongst the owners of property liable to be assessed therefor as hereinbefore provided. Such assessments shall be recorded and collected in the same manner as provided in section eight of this Article. The Common Council shall have power and is hereby authorized by resolution in writing, to make such provisions, rules, and regulations as to it may seem best for the levying and collecting of such assessments, and to conform such mode, manner, and means more closely and more fully to the provisions of Article Seven of this Act.

ARTICLE VII.

OF STREETS, THEIR GRADE, AND IMPROVEMENT.

SECTION 1. The Common Council shall have power and is Grading streets. authorized, whenever it deems it expedient, by resolution in writing, to establish or alter the grade, and to improve any street or part thereof now or hereafter laid out or established within the corporate limits of the city, and to make such improvement in such manner as they may think best. The power and authority to improve a street includes the power and authority to improve the sidewalks and pavements, and to determine and provide for everything convenient and necessary concerning such improvement.

SEC. 2. No grade or improvement mentioned in section one Notice. can be undertaken or made without ten days' notice thereof being first given, by publication in some daily newspaper published in the city, or by posting, as may be prescribed by the order or resolution of the Common Council.

SEC. 3. Such notice must be given by the Clerk of the Com- Contents. mon Council, by order of the Council, and must specify with convenient certainty the street or part thereof proposed to be improved, or of which the grade thereof is proposed to be

established or altered, and the kind of improvement which is proposed to be made.

Remonstrance.

SEC. 4. Within ten days from the final completion of such notice, the owners of property fronting on such street, or part thereof, as the case may be, amounting to two thirds of the frontage on such street, or part thereof, may make and file with the Clerk of the Common Council a written remonstrance against the proposed improvement, grade, or alteration thereof, and thereupon the same shall not then be farther proceeded in or made.

Establish grade.

SEC. 5. If no such remonstrance be so made and filed, the Council, at its earliest convenience thereafter, and within six months from the final publication of such notice, may establish the proposed grade or alteration thereof, or commence to make the proposed improvements as hereinafter provided.

Same.

SEC. 6. In the case of a notice to establish a grade or alteration thereof, the Council, within the time limited by section five, may establish the same as proposed in the notice.

Assessment of cost.

SEC. 7. In case the notice be for the improvement of a street or part thereof, the Council may, through its Surveyor or other officers and employes, proceed to ascertain and determine the probable cost of making such improvement, and assess upon each lot or part thereof, fronting thereon and liable therefor, its proportionate share of such cost.

Docketing lien.

SEC. 8. When the probable cost of the improvement has been ascertained and determined, and the proportionate share thereof of each lot or part thereof, has been assessed as provided in section seven, the Council must declare the same, and direct its Clerk to enter a statement thereof in the docket of the city liens, as provided in the next section.

Contents of docket.

SEC. 9. The docket of city liens is a book in which must be entered, in pursuance of section eight, the following matters in relation to assessments for the improvement of streets: First—The number or letter of the lot assessed, and the number or letter of the block in which it is situated, or any other valid description of the property; and if a separate assessment is made upon a part of a lot, a particular designation of such part. Second—The name of the owner thereof, or that the owner is unknown. Third—The sum assessed upon such lot or part thereof, and the date of the entry.

Constructive notice.

SEC. 10. The docket of the city liens is a public writing, and imparts notice to all the world of the matters and things therein recorded, and the original or certified copies of any matter, authorized to be entered therein, are entitled to the force and effect thereof; and from the date of an entry therein of an assessment upon a lot or part thereof, the sum so entered is to be deemed a tax levied and a lien thereon, which lien shall have priority over all other liens or incumbrances thereon whatever.

Collection of assessment.

SEC. 11. A sum of money assessed for the improvement of a street cannot be collected until by order of the Common Council ten days notice thereof is given by the Clerk of the Common Council, by publication in a daily newspaper published in said city, or by posting in three public places in said city. Such notice must substantially contain the matter required

to be entered in the docket of city liens, concerning such assessment.

SEC. 12. If, within five days from the final publication of ^{Warrant to collect.} the notice prescribed in section two, the sum assessed upon any lot or part thereof, is not wholly paid to the City Treasurer, and a duplicate receipt therefor filed with the Clerk of the Common Council, the Council may thereafter order a warrant for the collection of the same, to be issued by the Clerk, directed to the City Marshal or other person authorized to collect taxes due the city.

SEC. 13. Such warrant must require the person to whom it ^{Contents.} is directed, to forthwith levy upon the lot or part thereof, upon which the assessment is unpaid, and sell the same in the manner provided by law, and to return the proceeds of such sale, less his fees, if any be allowed by the Common Council therefor, to the City Treasurer, and the warrant to the said Clerk, with his doings indorsed thereon, together with the receipt of the City Treasurer for the proceeds of such sale as paid to him.

SEC. 14. Such warrant shall have the force and effect of an ^{Force.} execution against real property, and shall be executed in like manner, except as in this Article otherwise specially provided.

SEC. 15. The person executing such warrant shall immediately make a deed for the property sold them to the purchaser, stating therein that the same is made subject to redemption, as provided in this Article. ^{Deed and redemption} Within one year from the date of such sale, the owner or any person in interest, may redeem the same or any part thereof, upon the terms and conditions provided in the next section.

SEC. 16. Redemption of the whole property is made by the ^{How made.} payment of the purchase money and forty per cent addition, and the amount of any tax or incumbrance which the purchaser may have paid upon the property. Redemption of a part is made by the payment of that proportion of the purchase money which the part redeemed bears in value to the property sold for the assessment.

SEC. 17. A redemption discharges the property from the ^{Effect.} effects of the sale for the assessment. If made by the owner or his successor in interest, the estate in the property is thereby restored to such owner or his successor in interest, as the case may be; but, if made by a lien creditor, the amount paid for the redemption is thereafter to be deemed a part of his judgment, decree, or mortgage, as the case may be, and shall bear like interest, and may be enforced and collected as a part thereof.

SEC. 18. Whenever a purchaser, or those claiming under ^{How enforced.} him, refuses to convey to a person entitled to redeem, such person may enforce a conveyance thereof by a suit in equity, as for a specific contract to convey real property; and such suit may be maintained against absent parties, without proof of the tender of the money and offer to redeem, if the plaintiff bring such money into Court and offer there to redeem.

Liability of each lot. SEC. 19. Each lot, or part thereof, within the limits of a proposed street improvement, shall be liable for the full cost of making the same upon that half of the street in front of and abutting upon it, and also for a proportionate share of the cost of improving the intersection of two of the streets bounding the block in which such lot, or part thereof, is situated.

How assessed. SEC. 20. The probable cost of improving such intersection is to be assessed upon the lots, or parts thereof, situated in the quarters of the four blocks adjoining such intersection, but only upon the lots, or parts thereof, within the quarters nearest thereto, and in proportion to the cash value of such lots, or parts thereof, irrespective of improvements thereon; and, in determining such cash value, the Common Council shall be the appraisers, and no review or appeal therefrom shall be taken.

Effects of sale. SEC. 21. A sale of real property under the provisions of this Article conveys to the purchaser, subject to redemption as herein provided, all the estate or interest therein of the owner, whether known or unknown.

Person having lien may pay assessment. SEC. 22. When an assessment upon any lot or part thereof, for any improvement done or ordered to be done upon any street, for the payment of which assessment such property is chargeable, becomes delinquent, any person having a lien thereon by judgment, decree, mortgage, or otherwise, may at any time before the sale of such lot or part thereof pay the same, and the Common Council shall, upon such payment being made, order the Mayor in the name of the corporation to make, execute, and deliver to the party making such payment, and to his assigns, an assignment and transfer of said claim of the corporation therefor; and upon such transfer being made, the amount of such delinquent assessment and all costs thereon, together with the costs of making such assignment, shall thereafter be deemed a part of such lien, creditor's judgment, decree, mortgage, or other charge and incumbrance, and shall bear like interest, and may be enforced and collected as a part thereof.

Duty of Council. SEC. 23. The Common Council must provide by resolution, for the time and manner of doing the work on any proposed improvement, subject only to the following restrictions, to wit: First—After proper notice, the work must be let to the lowest responsible bidder; *provided*, that the Common Council may reject any or all bids. Second—If the owner of any piece of property assessable for any proposed improvement shall, within ten days after the final completion of the publication of notice by the Common Council of its intention to make any such improvement, give to the Common Council a notice in writing that it is his desire and intention to do his proportion of such improvement at his own cost, and with his own or hired labor, subject to the control of the said Council and the officers and employes of said city in charge of said proposed improvement, such portion of said improvement shall be excepted from the contract made as aforesaid; *provided*, that nothing in this section contained shall be so construed as to release any such party desiring to avail himself of the privilege granted by the second subdivision of this section, of his obligation to pay his proportion of the amount of the probable cost of such improvement, as provided in section seven of this Article; but if such owner shall, within

Improvement by owner.

the time and in the manner prescribed by the Common Council in its resolution or resolutions above referred to, make and complete his proportion of such improvement, the amount so paid by him shall be refunded to him. If such owner fail therein, in any respect, the Common Council shall proceed as if no notice above referred to had been given them by the owner.

SEC. 24. But should said committee be unable to agree with the owner or owners of any property sought to be acquired, on a price to be paid therefor, then the price or prices to be paid therefor shall be ascertained and awarded as hereinafter provided. But, in case said committee unanimously agree with such owners on such price, said city and county shall not be bound thereby until after their award and appraisement shall have been submitted to a vote of the qualified electors of said city and county, as herein provided, and shall have received a majority of said votes at said election.

They shall also ascertain, determine, and report as near as may be the entire costs of all proceedings had, or to be had, in and about the proceedings for the opening, extension, or alteration aforesaid, including the costs of Court and of the Commissioners. They shall then assess upon the property within the district to be benefited, the entire costs of such proceedings, including the compensation so allowed for the property to be taken, assessing each lot in proportion to the benefit it will receive therefrom, and in so doing shall make out a full and complete description of each separate lot, with a statement of the amount assessed against it set opposite thereto. Any party aggrieved thereby may appeal from said judgment to the Supreme Court, as in other cases. The judgment of assessment so made shall be a lien upon the property against which such assessment is made, and if not paid within sixty days after the judgment becomes final, may be enforced by sale, to be made by the Sheriff of said county, under a certified copy of such judgment, and in the manner provided by law for the sale of property upon decree of foreclosure. time after entering the judgment of appropriation, upon filing Same. for record in the office of the County Recorder of a copy of such judgment, with an acknowledgment of payment of the award made, by the party in whose favor the award was made, or of the County Clerk, that the amount has been paid into Court, the Board of Trustees shall be authorized to take possession of such property, and to appropriate the same to the public use aforesaid. Each lot or subdivision of lot shall be separately assessed in the name of the owner, if known, and if the name of the owner is not known, to an unknown owner. Each lot must be described by street, number, block, and range, when practicable, showing the rate per front foot, and the total amount of assessment; and in case the amount so assessed is insufficient to pay the entire cost and expense of any such improvement or repairs, the Board shall levy an additional assessment, as above provided, to meet such deficiency; and in case there shall be any surplus money left of any assessment, above provided for, after paying all costs and expenses of any such improvements, it shall remain in the Treasury, to the credit of the street or alley upon which it was assessed, and be afterwards used for the improvements or repairs of such street when required; and no moneys raised by an assessment upon one street shall ever be used or applied in any other manner or for any other purpose than for the improvement or repairs of the street or alley assessed therefor.

RESOLUTIONS.

CONCURRENT AND JOINT RESOLUTIONS.

NUMBER I.—*Senate Joint Resolution No. 3.*

[Adopted December 18, 1873.]

WHEREAS, It is desirable that the people of the State of California shall have and enjoy the right and power to use and control the waters now flowing in streams which are not navigable upon the unappropriated public lands within this State for agriculture, mining, and manufacturing purposes; and whereas, application has been made to the Congress of the United States by a private corporation for a franchise to use and control the waters aforesaid, therefore be it

Preamble.

Resolved by the Senate, the Assembly concurring, That our Senators in Congress be instructed and our Representatives requested to use their influence to induce the Congress of the United States to enact a law which shall grant to the people of the State of California the exclusive right to use and control all of the unappropriated waters that are not navigable within this State, for agriculture, mining, and manufacturing purposes, and to use their influence to prevent the passage of all laws which are intended to grant water rights in this State to private corporations or individuals.

Unappropriated, not navigable waters.

Resolved, That the Governor be and he is hereby requested to cause a copy of the foregoing preamble and resolution to be transmitted to our Senators and Representatives at Washington, without delay.

No. II.—*Assembly Concurrent Resolution No. 6, relative to mail route from Happy Camp, Del Norte County, to Orleans Bar, in Klamath County.*

[Adopted December 23, 1873.]

Resolved by the Assembly, the Senate concurring, That our Senators in Congress are instructed and our Representatives requested to procure the establishment of a weekly mail route

from Happy Camp, Del Norte County, State of California, to Orleans Bar, in the County of Klamath, State aforesaid, via Klamath River.

Resolved, That his Excellency the Governor be requested to forward a copy of the above resolution to each of our delegation in Congress.

No. III.—*Senate Joint Resolution No. 12.*

[Adopted January 7, 1874.]

Preamble. WHEREAS, The commerce and carrying trade of the State of California is seriously impaired by the obstructions which have accumulated in our navigable rivers, thus depriving producers of the natural avenues to tide water; and whereas, if said obstructions are not removed, the railway companies will have a complete monopoly of the carrying trade of the State; therefore, be it

Removal of obstructions from navigable rivers. *Resolved by the Senate and Assembly*, That our representatives in Congress be requested and instructed to use all honorable means to secure an appropriation from the General Government sufficient to remove said obstructions, so that these rivers may be made the competing avenues of commerce, and thereby afford additional facilities for the transportation of the products of the State.

Resolved, That the Governor be requested to transmit a copy of these resolutions to each of our Senators and Representatives in Congress, immediately.

No. IV.—*Senate Joint Resolution No. 13.*

[Adopted January 8, 1874.]

Preamble. WHEREAS, On the thirtieth day of July, A. D. one thousand eight hundred and sixty-six, Congress passed an Act entitled "An Act granting aid in the construction of a railroad and telegraph line from the Town of Folsom to the City of Placerville, in the State of California," in pursuance of which Act all the odd numbered sections within twenty miles of the line of said railroad were withdrawn by letter of the Commissioner of the General Land Office, dated August twenty-ninth, eighteen hundred and sixty-seven, from "sale or location, preëmption, or homestead entries;" and whereas, by the terms of said Act, it is provided to the effect that in case of failure to commence said railroad within one year from the passage of said Act, or of failure to complete the whole of said railroad by the fourth day of July, A. D. eighteen

hundred and sixty-nine, that the title to all of said lands *Preamble.* so granted should revert to the United States; and whereas, since the passage of said Act said railroad has not been completed, nor has any portion of the same been constructed for more than six years last past, nor since the passage of the Act of Congress making the grant; and whereas, by letter dated November twenty-second, A. D. eighteen hundred and sixty-nine, the Commissioner of the General Land Office decided that said grant could not be restored to the public domain without further legislation by Congress; therefore, be it

Resolved by the Senate, the Assembly concurring, That our Senators be instructed and our Representatives in Congress be requested to introduce and use their influence to procure the passage of such joint resolution or Act of Congress, as may be necessary to secure the immediate restoration to the public domain of all lands withdrawn for the purpose of aiding the construction of said railroad. *Restoration of lands.*

Resolved, That his Excellency the Governor be and he is hereby requested to forward a duly certified copy of these resolutions to each of our Senators and Representatives in Congress.

No. V.—*Joint Resolution No. 9.*

[Adopted January 9, 1874.]

Resolved by the Senate, the Assembly concurring, That our Senators in Congress be instructed and our Representatives requested to use their influence to procure the establishment of a tri weekly mail route from the Town of Middletown, in Lake County, via Glenbrook, to Uncle Sam, in the same county, State of California. *Mail route.*

Resolved, That the Governor be requested to forward a copy of the foregoing resolution to each of our Senators and Representatives in Congress.

No. VI.—*Senate Concurrent Resolution No. 22.*

[Adopted January 10, 1874.]

WHEREAS, The great services rendered by Gen. George Crook, *Preamble.* to settlers on the frontier, in protecting life and property from destruction by hostile Indians, and in giving security to both, have highly commended him to the people of the Pacific Coast as a most efficient and worthy officer; and whereas, reports have reached us that obstacles are thrown in the way of his confirmation, by the Senate of the United States, to the position of Brigadier General, to which he has been appointed by the President; therefore,

Confirma-
tion of Gen.
Crook.

Resolved by the Senate, the Assembly concurring, That we cordially approve of the appointment of Gen. George Crook to the position of Brigadier General, and respectfully ask the Senate of the United States to confirm the same.

Resolved, That his Excellency the Governor be requested to transmit by telegraph to the President of the Senate a copy of this resolution.

No. VII.—*Assembly Concurrent Resolution No. 2.*

[Adopted January 10, 1874.]

The Memorial of the Legislature of the State of California to the Congress of the United States, respectfully represents:

Memorial. That the harbor of Crescent City, in Del Norte County, and State of California, is one of the most important on the coast line of said State north of San Francisco, and the only place suitable for a harbor of refuge between San Francisco and Puget Sound. The business of said port is increasing every year, being the outlet for the large and rapidly extending trade of nearly the whole of Southern Oregon and part of Northern California; and whereas, the construction of a breakwater in the said harbor of Crescent City would greatly increase the safety and facility of said harbor, enabling vessels to receive and discharge cargo to the great reduction of expense and saving of time, and affording a refuge for vessels in case of storms and high winds; and whereas, Chiefs of the Engineering Corps of the Pacific Coast, the Chamber of Commerce of San Francisco, and practical Engineers, have represented in their official reports and resolutions, the said harbor to be a proper place for the construction of a breakwater for the protection of commerce; therefore, be it

Break-
water at
Crescent
City.

Resolved by the Assembly, the Senate concurring, That our Representatives in Congress be requested and our Senators instructed to use all possible means in their power to obtain from Congress an appropriation for the improvement of said harbor and the construction of said breakwater; and that the Governor of this State be requested to transmit a copy of this preamble and resolution to each of our Representatives and Senators, with a request that they take speedy action in the matter.

No. VIII.—*Senate Concurrent Resolution No. 14.*

[Adopted January 12, 1874.]

WHEREAS, The morning papers give a synopsis of a bill introduced into Congress by the Hon. H. F. Page, to prohibit the employment of coolie labor under the pernicious system of contract, whereby large numbers are shipped to our shores in violation of our laws, to the injury of society and the best interests of our people; therefore, be it

Resolved by the Senate, the Assembly concurring, That we hereby heartily indorse the action of our Representative in Congress, and will cordially coöperate with our Congressional delegation in the passage of any constitutional measure that will tend to relieve us of this class of people, and prevent their further immigration to our shores.

Importation of coolies.

No. IX.—*Senate Joint Resolution No. 20.*

[Adopted January 13, 1874.]

Preamble and Resolutions relating to an appropriation by Congress, for the removal of the wreck of the ship "Patrician," and the rock known as "The Noonday Rock," near the entrance to the harbor of San Francisco.

WHEREAS, On the twenty-eighth day of February, eighteen hundred and seventy-three, the ship "Patrician," when leaving the harbor of San Francisco, on crossing the Bar, struck upon a shoal and sunk upon that portion of the Bar known as the "Four-Fathom Bank," in the direct and ordinary course of all coasting vessels bound out of the harbor of San Francisco to the northward, on [or] to San Francisco from the northward; that the lower masts of said wreck are visible at low water in the trough of the sea, but at high water are not visible; that said sunken ship forms a very serious danger to navigation; that owing to the hull being firmly imbedded in the shoal, the danger to navigation is constantly becoming greater, as the said wreck will doubtless form a nucleus of deposit for shoaling the bank; that the position of the wreck has been ascertained by the Coast Survey, and a buoy has been placed near it by the Light House Board, but this buoy is liable to be carried away by heavy weather and cannot therefore be relied upon as a sufficient protection against so serious a danger; and whereas, "Noonday Rock" is a sunken sharp pointed rock having only three and a quarter fathoms of water upon it, and lying in the fairway approaches to San Francisco, between the North Farallones and Point Reyes; that it lies over three miles from the North Farallones, and in

Preamble. foggy, thick, and heavy weather vessels bound to San Francisco from the westward and northwestward, are compelled, in order to avoid this rock, either to go to the southward of the Farallones or else to keep close under the rocky head of Point Reyes—in the former case, greatly lengthening the voyage, in the latter, running the risk of a dangerous coast; that on the twenty-eighth day of December, eighteen hundred and sixty-two, the ship "Noonday" struck upon this rock, until then unknown, and sunk in twenty-five fathoms water, with all sail set, in twenty minutes, involving a pecuniary loss in vessel and cargo, estimated at four hundred thousand dollars, and with great risk to the lives of the crew; that in the opinion of the officers of the Coast Survey and of engineers of the army, so much of this rock can be removed that the remainder will not constitute a danger to navigation; and whereas, all authorities agree that both these dangers to navigation can be removed at a moderate cost; therefore, be it

Wreck of
"Patric-
ian," and
"Noonday
Rock."

Resolved by the Senate, the Assembly concurring, That our Senators in Congress be instructed and our Representatives requested to use their influence to secure from Congress the appropriation of such a sum of money as shall be necessary to remove the wreck of the ship "Patrician" and the rock known as "Noonday Rock"—said wreck and said rock being serious dangers to navigation.

Resolved, that the Governor be requested to forward a copy of the foregoing preamble and resolution to our Senators and Representatives in Congress.

No. X.—*Substitute for Assembly Concurrent Resolution No. 5.*

[Adopted January 19, 1874.]

Subsidies
to water
companies.

Resolved by the Assembly, the Senate concurring, That our Senators in Congress be instructed and our Representatives requested to use their best endeavors to prevent the granting by Congress of any subsidies to the San Joaquin and King's River Canal and Irrigation Company, or any other water company, for the purpose of enabling them to carry out and perfect their system or systems of canals and ditches for water purposes. We protest against it, believing that the inevitable tendency of their plans and projects, by the parties who now claim the water rights, will be to reduce the tillers of the soil in the great interior valleys of California to a state of dependence and practical serfdom.

Resolved, That his Excellency the Governor be requested to transmit a copy of this resolution to each of our Senators and Representatives in Congress.

No. XI.—*Assembly Concurrent Resolution No. 13.*

[Adopted January 20, 1874.]

WHEREAS, The Congress of the United States did, on or about Preamble.
the — day of —, A. D. 1855, establish by Act a daily mail route from Lincoln, California, via Red Bluffs, Shasta City, Trinity Centre, Callahan's Ranch, and Fort Jones, to Yreka, and the said daily mail was carried over said route until the year 1871—about sixteen years—during which time delays of not more than three days at one time ever occurred; and whereas, a change was made from the route above described to the "Sacramento River Route," about the month of May, 1871, as there has been no mail whatever carried between Trinity Centre and Callahan's Ranch, as it was contracted for by the company now carrying the mails, since said twenty-eighth day of May, 1871, and a party desiring to send a letter from Trinity Centre to Callahan's Ranch, a distance of thirty-two miles, must send such letter south seventy miles; thence northeast, one hundred and sixty miles, to Yreka; thence southwest forty-five miles to Callahan's Ranch, a total distance of two hundred and seventy-five miles; and whereas, the census report shows a population of about twenty-five thousand inhabitants in the Counties of Shasta, Trinity, Humboldt, Del Norte, Klamath, and Siskiyou, who heretofore have received their mails over the route which was established as a daily route in 1855; and whereas, the increase of travel and of business make it necessary for public convenience to have a daily mail reestablished on the route from Redding, via Shasta City, Trinity Valley, Callahan's Ranch, and Fort Jones, to Yreka; therefore, be it

Resolved by the Assembly of the State of California, the Sen- Mail route.
ate concurring, That our Senators in Congress be instructed and our Representatives requested to use their influence to procure the reestablishment of a daily mail from the Town of Redding, via Shasta City, Whiskytown, Tower House, French Gulch, Mountain House, Trinity Valley, Trinity Centre, Carr's Ranch, New York House, Callahan's Ranch, McBride's Ranch, Etna Mills, Crystal Creek, Scott Valley, Fort Jones, Gordon's Mills, and Forest House, to Yreka.

Resolved, That his Excellency, Governor Newton Booth, be requested to forward a copy of these resolutions to the Postmaster General of the United States and to each of our Senators and Representatives in Congress.

No. XII.—*Substitute for Senate Joint Resolution No. 4, to promote the interests of agriculture.*

[Adopted January 20, 1874.]

Preamble. WHEREAS, The burden of taxation for the support of the General Government should be borne equally by the whole people of the United States; and whereas, any tax which discriminates against the people of one State and is borne by them alone, while it does not directly affect the citizens of other States, is manifestly unjust; and whereas, it is shown that the value of wheat exported from San Francisco during the last fiscal year, was ten million four hundred and fifty-three thousand four hundred and fourteen dollars; that the value of jute bags and jute cloth imported in San Francisco to carry away said wheat, was one million four hundred and forty-nine thousand five hundred and seventy-five dollars, upon which importation there was collected, as customs duties, five hundred and seventy-nine thousand eight hundred and six dollars; that the value of said sacks, their freight and insurance from England to San Francisco, together with the duty collected thereon, is a heavy tax on the wheat growers of California; that the tax is the more unjust because the sacks so imported are not consumed in the country, but are immediately exported back to Europe, without the benefit of "drawback" of duties allowed in other instances; that while the surplus grain of the States east of the Rocky Mountains is moved to the seaboard and shipped "in bulk" to Europe, the farmers of the Pacific Coast are compelled, because of inexorable custom, or of the alleged impracticability of shipping grain "in bulk" around Cape Horn, to put theirs in sacks, for which they get no returns whatever; and whereas, the duties collected on said sacks and materials as above enumerated, amount to a direct tax of more than five per cent on the export of wheat, which tax is unjust, and discriminates against the agricultural interests of the Pacific Coast; and whereas, the customs duty of forty per cent on jute bags, and thirty per cent on the raw material of which such bags are made, is excessive, having almost an entirely local bearing, to the great prejudice and injury of the farmers of the Pacific Coast, and more especially of California, and inasmuch as neither the raw material is produced nor the sacks manufactured in the United States, and hence, as no section thereof will be affected or injured by the repeal on the jute sacks, or manufactured burlaps, gunny cloth, and gunny bags; therefore

Imposts on
jute.

Resolved by the Senate, the Assembly concurring, That our Representative in Congress be requested and our Senators instructed to urge upon the Congress of the United States the necessity of repealing the said import duty.

Resolved, That the Governor be requested to forward a copy of the above preamble and resolution to each of our Representatives and Senators in Congress.

No. XIII.—*Senate Concurrent Resolution No. 29.*

[Adopted January 23, 1874.]

WHEREAS, The Government of the United States did survey *Preamble.*
and declare open for entry certain land in Solano County,
California, known as township five N., R. One W.; and
whereas, A. P. Jackson, James Woods, C. S. Fay, A. B.
Meacham, J. M. Gapen, James McCoy, M. B. Sackett, C. H.
Graham, W. H. Turner, N. W. Richardson, and Philip Pal-
mer did enter upon the same for settlement; and whereas,
thereafter, on the sixteenth day of September, eighteen hun-
dred and fifty-seven, the President of the United States did,
by proclamation, notify the public that said land was open
for sale; and whereas, said parties did pay for the same and
obtain patents of the United States therefor; and whereas,
in November, eighteen hundred and sixty-eight, said parties,
or their successors in interest, were sued in ejectment, and
afterwards duly ejected therefrom by virtue of a superior
title, to wit: a Mexican grant; and whereas, there is no relief
given by the Courts for losses thus occasioned, but the remedy
is by Act of the Federal Congress; and whereas, the said
claimants have petitioned Congress for relief and the appoint-
ment of a commission for ascertaining and adjusting said
losses; and whereas, equity and good faith require that the
actual losses caused by the acts of the Federal Government's
agents should be paid to the claimants; therefore, be it

Resolved by the Senate of the State of California, the Assem- Claims in
bly concurring, That our Senators in Congress be instructed *Solano*
and our Representatives requested to use all proper diligence *County.*
in order to secure the formation of a commission to adjust, set-
tle, and fix the losses which the above claimants have sustained,
and to secure the payment of the same.

Resolved, That his Excellency the Governor be and he is
hereby requested to transmit a copy of the preamble hereto
and this resolution to each of our Senators and Representatives
in Congress.

No. XIV.—*Assembly Concurrent Resolution No. 10, asking Congres-
sional appropriation to improve the navigation of the San
Joaquin River.*

[Adopted January 23, 1874.]

WHEREAS, It has been the custom of the Government of the *Preamble.*
United States to grant aid to the several States, for the pur-
pose of improving the navigable waters of said States; and
whereas, the San Joaquin River is navigated with great diffi-
culty, and being the only water outlet of ten counties of this

State, said counties paying taxes on near six million acres of land, and near fifty millions of property, a section of country larger than many of the States, capable of sustaining its millions of population, that does now export its millions of produce, and will in the near future export its tens of millions; and whereas, said counties never having asked or received any aid from the Government; therefore, be it

Improvement of
San
Joaquin
River.

Resolved by the Assembly, the Senate concurring, That our Senators in Congress be instructed and our Representatives be requested to urge upon Congress the necessity and justness of making an appropriation to improve the navigation of said river.

Resolved, That his Excellency the Governor be requested to transmit to each of our Representatives in Congress a copy of the foregoing preamble and resolution.

No. XVI.—*Assembly Concurrent Resolution, No. 20, relative to turning the San Diego River.*

[Adopted January 23, 1874.]

Preamble. WHEREAS, General Humphreys, Chief of United States Engineers, in his annual report to the United States Government on the harbors of the Pacific Coast, points out the great danger to which the harbor of San Diego is subject, by reason of the San Diego River having changed its course and discharging into said bay; and whereas, the Chief Engineer shows that it is necessary for the protection of said harbor that the San Diego River be turned into its old channel, making it again discharge into False Bay; therefore,

Resolved by the Assembly, the Senate concurring, That our Senators be instructed and our Representatives in Congress be requested to use their endeavors to obtain the necessary appropriation for turning said river. Turning

River.

Resolved, That the Governor of the State is hereby requested to forward a copy of the foregoing preamble and resolutions to each of our Senators and Representatives in Congress.

No. XVII.—*Senate Joint Resolution No. 30, relative to the establishment of an Indian Reservation in Siskiyou County.*

[Adopted January 27, 1874.]

WHEREAS, There are a large number of Indians, aggregating Preamble. some seven or eight hundred, in Siskiyou County, in this State, who are in a destitute condition, and unable to support themselves by hunting, fishing, and gathering roots and herbs of spontaneous growth, their customary sources of food prior to the settlement of the country by the whites, and who now rely for a precarious subsistence, partly on the charity of their white neighbors, partly on petty thieving, and still more on an illicit and immoral commerce between their females and the most degraded of the white population; and whereas, the interests, if not the safety, of the white population, as well as the welfare of the Indians, demand that the latter should no longer be permitted to roam at will through the settlements, and be compelled to resort, as at present, to questionable or illegal and immoral methods for obtaining a livelihood; be it

Resolved by the Senate and Assembly, That our Senators in Congress be instructed and our Representatives requested to use their influence with the proper officers of the Federal Government to procure the establishment of a Reservation in Quartz Valley, in said Siskiyou County, and to have the Indians, now roaming at large over the country, collected on such Reservation, and there provided for and protected by the Federal Government. No. XXIV.—*Assembly Concurrent Resolution No. 21, asking Congressional relief for A. B. Gilbert.*

[Adopted February 12, 1874.]

Preamble. WHEREAS, Heretofore, to wit, in the month of March, in the year (1858) eighteen hundred and fifty-eight, A. B. Gilbert, then and now a citizen of the United States, and resident of the State of California, settled upon eighty acres of land, being the east half of the northeast quarter of section (15) fifteen, township (8) eight, range (5) five east, Mount Diablo meridian, as a preëmptor, and thereafter, on the (4) fourth day of August, in the year (1865) eighteen hundred and sixty-

five, filed his declaratory statement, No. Three Thousand One Hundred and Forty-four, therefor, and in good faith did and performed every act and thing necessary to make himself a preëmtor of said tract of land, and made improvements thereon to the value of two thousand dollars, or thereabouts; and whereas, said land was a portion of the New Helvetia or Sutter grant, as surveyed, until the year (1865) eighteen hundred and sixty-five, when said grant was so finally located as to exclude, and did exclude, said preëmption claim of the said Gilbert; and whereas, the grant to John A. Sutter of said land was recognized by the officers and authorities of the United States, to whom was committed the disposition of the lands of the United States; and whereas, after said tract of eighty acres of land was determined to be without the exterior boundaries of said New Helvetia grant, the title thereto was claimed by the Central Pacific Railroad Company, under a grant made to said company by the Congress of the United States to aid in the construction of the Pacific Railroad; and whereas, after litigation, it was adjudged and decreed that said railroad company had the title to said eighty acres of land, and recovered the possession thereof from the said Gilbert; and whereas, said Gilbert was, in good faith, an honest preëmtor, and faithfully endeavoring to procure the title to said land, under the laws of the United States made for the benefit of actual settlers, and has been, without any default or neglect of his own, deprived of his land; and whereas, the improvements placed on said land by said Gilbert actually amounted to the sum of two thousand dollars, and the land itself is now of the value of eight thousand dollars; or, in other words, is worth one hundred dollars per acre; and whereas, by the judgment of a Court of competent jurisdiction, the said Gilbert has been deprived of his said land, and has been thereby damaged in the sum of eight thousand dollars: Now, therefore, our Senators in Congress are hereby instructed, and our Representatives are requested, to procure such legislation by the Congress of the United States as may be necessary to reimburse said Gilbert, either in restoring to him the title and possession of said tract of land, or appropriating to him the sum of eight thousand dollars, the actual cash value of said land.

Resolved by the Senate and Assembly of the State of California, That this memorial be duly certified by his Excellency the Governor, and transmitted to our Senators and Representatives in the Congress of the United States.

No. XXV.—*Assembly Concurrent Resolution No. 41, relative to the Central Pacific, the Western Pacific, and the California and Oregon Railway Companies.*

[Adopted February 13, 1874.]

Preamble. WHEREAS, A resolution with a preamble has been introduced, and is now pending in the Congress of the United States, in which preamble it is specifically charged that the Central Pacific, the Western Pacific, and the California and Oregon Railway Companies, have received donations and subsidies from the United States and from the State of California, and certain counties and municipalities within that State, and also from the State of Nevada, and the Territory of Utah, amounting in the aggregate to the sum of one hundred and fifty-six millions eight hundred and twenty-five thousand dollars (\$156,825,000), which donations and subsidies were granted to said railway companies for the sole purpose of aiding them in the construction, equipment, and maintenance of their railways, and that the Directors of said railroad companies corruptly entered into contracts with themselves for the construction of said railways under the name of Charles Crocker & Co., and the name of the Contract and Finance Co., whereby a large portion of said subsidies and donations has been unlawfully diverted from the legitimate object for which they were granted, by said Directors, and fraudulently converted by them to their own individual use and emolument; and whereas, said resolution provides for the appointment of a committee by Congress, invested with ample powers, to inquire into said alleged fraudulent contracts, and also to inquire into and report to Congress upon all matters and transactions touching the construction and management of said railways, and all the affairs and transactions of said Charles Crocker & Co., and the said Contract and Finance Co., in connection therewith; and whereas, it is the opinion of the Legislature of the State of California now in session, that such investigation should be made; therefore, be it

Railroad
investiga-
tion.

Resolved by the Assembly, the Senate concurring, That our Representatives in Congress be requested and our Senators instructed to use all honorable efforts to secure, at the earliest practicable moment, the passage of said resolution by Congress, and that the Governor be requested to transmit forthwith a copy of this resolution to each of our Representatives and Senators.

No. XXVI.—*Senate Concurrent Resolution No. 16, on the adoption of a treaty of reciprocity between the United States and Mexico.*

[Adopted February 13, 1874.]

WHEREAS, Mexico and the United States produce, in great abundance, commodities which, to promote the best interests of their inhabitants, should be exchangeable under the provisions of a reciprocity treaty; and whereas, the river system which unites both republics, will soon be supplemented by the construction of railways, to bring into closer commercial intercourse the population, aggregating, in both countries, fifty million; and whereas, Mexico possesses a water line of communication that, by a moderate expenditure of capital, may be converted into an inter-oceanic canal to subserve the purposes of commerce between the old and the new world, and lessen the delay and cheapen transportation on voyages around Cape Horn, to and from the markets of the world; advantages which, in the future, will amply repay the United States for any concessions made to Mexico by a reciprocity treaty; therefore, be it

Resolved by the Senate, the Assembly concurring, That our Senators be instructed and our Representatives requested to use their best efforts to procure the adoption of a treaty of reciprocity, to promote commercial intercourse between the people of the United States and Mexico.

Resolved, That his Excellency Governor Booth be requested to transmit of [a] copy of this preamble and resolution to our Senators and Representatives, with as little delay as possible.

No. XXVII.—*Senate Joint Resolution No. 35, asking for the repeal of the Act of Congress fixing the time for the election of Representatives from the State of California to the forty-fourth Congress.*

[Adopted February 18, 1874.]

WHEREAS, An Act of Congress entitled an Act fixing the time for the election of Representatives from the State of California to the forty-fourth Congress, approved March third, eighteen hundred and seventy-three, requires an election to be held on the first Wednesday of September, in the year one thousand eight hundred and seventy-four, in each Congressional District in this State, for the election of a representation to the forty-fourth Congress for the district; and whereas, such election cannot be held except at a heavy cost to the several counties of the State—not less in the aggregate than one hundred or one hundred and fifty thousand

Preamble. dollars—and will, besides, be a source of trouble, annoyance, and great inconvenience and expense to the people, outside of the additional taxes they will have to pay in consequence of increased county expenditures caused by such election; and whereas, the members elected at such election will not take their seats till December, one thousand eight hundred and seventy-five (unless Congress should be convened in extra session), before which time, to wit: on the first Wednesday of September, one thousand eight hundred and seventy-five, a general election will be held in the State, at which members to said forty-fourth Congress can be elected without additional cost to the counties, or extra trouble or expense to the people; and whereas, it is not probable that an extra session of Congress will be held between the fourth of March, eighteen hundred and seventy-five, and the first Wednesday in September of the same year, the period California will be without Representatives in Congress if the election of members to the forty-fourth Congress be postponed till the general election of eighteen hundred and seventy-five, through absence of representation in which the interests of the State might suffer; be it

Congressional elections.

Resolved by the Senate and Assembly, That our Senators in Congress be instructed, and our Representatives requested, to use their influence to secure the repeal of said Act of Congress fixing the time for the election of Representatives from the State of California to the forty-fourth Congress.

Resolved, That his Excellency, the Governor of the State, be requested to transmit a copy of the above preamble and resolution to each of our Senators and Representatives in Congress.

No. XXVIII.—*Assembly Concurrent Resolution No. 27, relative to the survey of the mountain grazing lands of this State.*

[Adopted February 21, 1874.]

Survey of mountain grazing lands.

Resolved by the Assembly, the Senate concurring, That our Senators and Congressmen in the National Legislature at Washington, District of Columbia, be, and they are hereby requested, to use their influence for the passage of an Act, at an early day, providing for the survey by the General Government of the mountain grazing lands of this State, and for the placing of the same in market; also, that settlers on such lands may prove up their claims, as provided by law, and each settler may enter or take up six hundred and forty acres of mountain grazing land; provided, that all claims shall be governed by the law that now governs settlers; and provided, that where the land is covered with timber fit for lumber, only three hundred and twenty acres shall be allowed to any one person; nor shall any person be allowed to enter or prove up more than one such claim, as herein recommended.

Resolved, That his Excellency, Newton Booth, forward a copy of these resolutions to each of our Senators and Congressmen at Washington.

No. XXIX.—*Senate Concurrent Resolution No. 25, on Chinese immigration.*

[Adopted February 26, 1874.]

WHEREAS, The great influx of Chinese into the State of California has proved detrimental to the moral and material well-being of our industrial classes, by forcing on them a competition at wages below the cost of subsistence to men of our own origin, who have families depending on their labor for support and education; and whereas, Article Five of the treaty of eighteen hundred and sixty-eight, between the United States and the Chinese Empire—the former containing forty millions of inhabitants, and the latter nearly four hundred millions—provided that the parties thereto shall impose no obstacle to the emigration of their citizens and subjects, from the one country to the other, for the purposes of curiosity, of trade, or as permanent residents; under which stipulation, it is notorious that large numbers of persons, frequently aggregating over one thousand in a single vessel, are brought into the port of San Francisco by companies of associated Chinese capitalists, under contract, made in China, to perform labor at low wages for their masters for a series of years, within the United States, which contracts are enforced by the edicts of secret tribunals, which inflict, in defiance of our laws, cruel and arbitrary punishment; and whereas, it is against public policy and the future welfare of our people, that, under any pretext whatever, encouragement should be given by treaty stipulation, or otherwise, to the emigration, free or involuntary, of a servile laboring element, whose low standard of living and morality menaces the communities in which it may reside with pestiferous disease; and whereas, Mongolian labor has driven from employment large numbers of our people, by a competition which has been prolific of idleness, vice, and suffering among our people, thereby assisting to fill our jails, poorhouses, and hospitals, with unwilling inmates; therefore, be it

Resolved by the Senate, the Assembly concurring, That our Senators be instructed and our Representatives requested to use their influence to have Articles Five and Six of our treaty with China modified, so as to discourage the further immigration of Chinese to our shores, by appropriate action on the part of the Federal Government.

Resolved, That his Excellency the Governor be requested to forward a copy of the foregoing preamble and resolutions to our Senators and Representatives in Congress, at as early a day as possible.

No. XXX.—*Senate Joint Resolution No. 45, relative to the mail route from Shasta City, Shasta County, to Lake City, in Siskiyou County.*

[Adopted February 26, 1874.]

Resolved, That his Excellency the Governor be requested to forward a copy of the foregoing resolutions to each of our Senators and Representatives in Congress.

No. XXXI.—*Senate Joint Resolution No. 17.*

[Adopted February 26, 1874.]

Preamble. WHEREAS, The Congress of the United States, on the twenty-seventh day of July, eighteen hundred and sixty-six, granted to the Atlantic and Pacific Railroad Company the right to lay out, construct, furnish, maintain, and enjoy a continuous railroad line from the Town of Springfield, in the State of Missouri, by the most practicable and eligible route, to the Pacific, and granted to said company the odd numbered sections of public lands on each side of said road, for a certain distance, and in the same Act granted to the Southern Pacific Railroad Company the right to connect with the said road at a point near the boundary line of California, and construct a railroad to the City of San Francisco, with similar grants of land; and whereas, there was a reservation made in eighteen hundred and sixty-six for the said Southern Pacific Railroad Company, and a portion of said road has been built and a portion of the lands have been listed to said road; and whereas, the survey of the Atlantic and Pacific Railroad touches the Pacific Ocean at the Town of Santa Barbara; and whereas, a reservation of land for the said Atlantic and Pacific Railroad has been made, withdrawing the odd sections from the City of San Francisco to or about township twenty-three south, Mount Diablo meridian, thus withdrawing hundreds of thousands of acres of land from settlement, and increasing the price of the even numbered sections to two dollars fifty cents per acre, to the great injury of the settlers and the State; and whereas, the Atlantic and Pacific Railroad Company, after the expiration of seven years from the date of their grant, have not completed a single mile of railroad in this State; and whereas, it was not the intention of

Congress to make two separate grants of land from the Colorado River to San Francisco; therefore, be it

Resolved by the Senate, the Assembly concurring, That our Senators be instructed and our Representatives in Congress be requested to use their influence to have the odd sections so reserved for the Atlantic and Pacific Railroad, north of the Town of Santa Barbara, and in the Counties of San Luis Obispo, Monterey, Santa Cruz, Santa Clara, San Mateo, and San Francisco, restored to preëmption and homestead entry.

No. XXXIII.—*Senate Concurrent Resolution No. 43, asking Congress to declare the meaning of the joint resolution of Congress of June twenty-eight, one thousand eight hundred and seventy, in reference to the reserve for a land grant to the Southern Pacific Railroad Company in California, and to restore certain lands in said reserve to the public domain.*

[Adopted March 2, 1874.]

WHEREAS, The Government of the United States, through the Preamble, proper authorities, by plats and instructions duly filed in the United States Land Office at Visalia, California, on the twenty-first day of May, Anno Domini one thousand eight hundred and sixty-seven, caused to be reserved for the purposes of a grant to the Southern Pacific Railroad Company, under the provisions of the Act of Congress approved July twenty-seventh, one thousand eight hundred and sixty-six, the odd numbered sections of Government lands for thirty miles in width on each side of the designated line of said Southern Pacific Railroad, as indicated on the plat then and there filed in said Visalia United States Land Office, which

Preamble. plat was filed in the General Land Office at Washington City, District of Columbia, January third, one thousand eight hundred and sixty-seven, and which reserve extended through the entire Visalia land district, composed of the Counties of Fresno, Tulare, and Kern, as well as through the other land districts from the Bay of San Francisco to the State line, and the said Southern Pacific Railroad Company having neglected and failed to build a railroad upon the designated line, or within the exterior boundaries of said reserve between the ranges eleven (11) and twenty-three (23) east, Mount Diablo base and meridian; and whereas, the original certificate of incorporation of said Southern Pacific Railroad Company, or any subsequent certificate of incorporation, consolidation, or association, now on file in the office of the Secretary of State, does not show that said railroad company ever did or does now intend to build or cause to be built a railroad upon or near the designated line, or within the exterior lines of said reserve, between the ranges eleven and twenty-three east, above named; therefore, be it

Resolved by the Senate, the Assembly concurring, That our Senators be instructed and our Representatives in Congress requested to exert their influence: *First*—To prevent any and all other or further reserves or grants of public lands being made to railroad or other corporations within the State of California, and to insist that the conditions of the grants heretofore made shall be strictly complied with on the part of such corporations before patent issues. *Second*—To induce Congress to declare the intent and meaning of the joint resolution of June twenty-eight, one thousand eight hundred and seventy (United States Statutes at Large, volume sixteen, page three hundred and eighty-two.) Does the resolution "mean, as near as may be" within the reserve, or does it mean in some other valley and some other land district? Does it mean to "protect actual settlers within the reserve prior and up to June twenty-eighth, one thousand eight hundred and seventy, or prior to May twenty-first, one thousand eight hundred and sixty-seven, or only prior to January third, one thousand eight hundred and sixty-seven?" *Third*—To have all the odd numbered sections of land within said reserve, between the ranges eleven and twenty-three east, of Mount Diablo base, restored to the public domain, to be disposed of with the even numbered sections in the same district, at one dollar and twenty-five cents per acre, to actual settlers, under the provisions of the homestead and preëmption laws.

No. XXXV.—*Senate Concurrent Resolution No. 42, relating to furnishing arms by the General Government.*

[Adopted March 5, 1874.]

WHEREAS, Under section eight, paragraph fifteen, of the Con- Preamble.
stitution of the United States, power has been conferred upon the Federal Congress to provide for organizing, arming, and disciplining the militia of the States; and, in accordance therewith, Congress, on the twenty-third day of April, one thousand eight hundred and eight, passed a law whereby arms to the value of two hundred thousand dollars have annually been apportioned among the several States of the Union; and whereas, since that time the number of States has increased from seventeen to thirty-seven, the population growing from eight to over forty millions of souls, the cost of labor and materials required in the manufacture of ordnance and ordnance stores of more recent models so advancing as to materially reduce the quotas of the several States, those quotas, at this time, being entirely inadequate to effectively arm the "whole body of the militia" and carry out the expressed wishes of Congress; and whereas, a certain quantity of arms, valued at nearly three hundred thousand dollars, was issued to the State of California by the General Government, during the late civil war, and charged to the account of annual quota of arms due the State under the Act of Congress hereinbefore cited; the same arms having been issued for the maintenance and preservation of the Union, are properly chargeable to the United States; therefore, be it

 advantage over other persons engaged in the same business,
 who have, as taxpaying citizens of this State, contributed to
 the payment of the same; and whereas, we consider the
 granting of subsidy to corporations, if not vicious, a very
 doubtful policy; therefore
